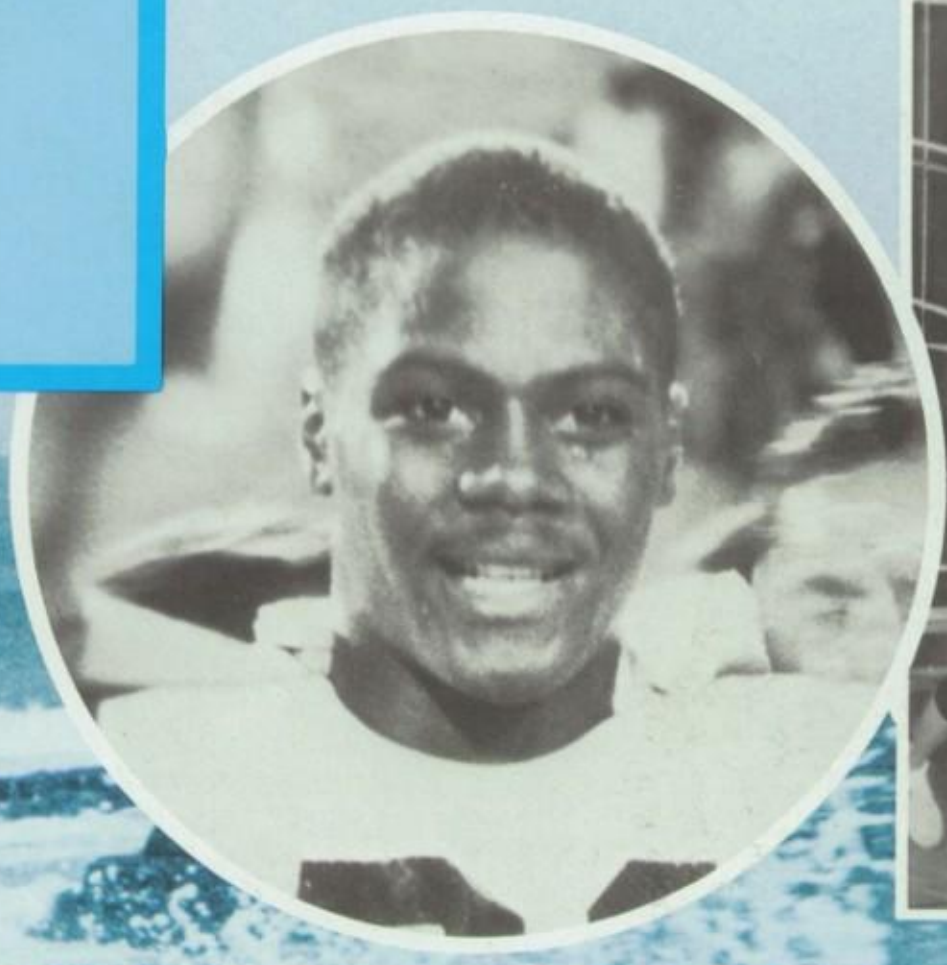
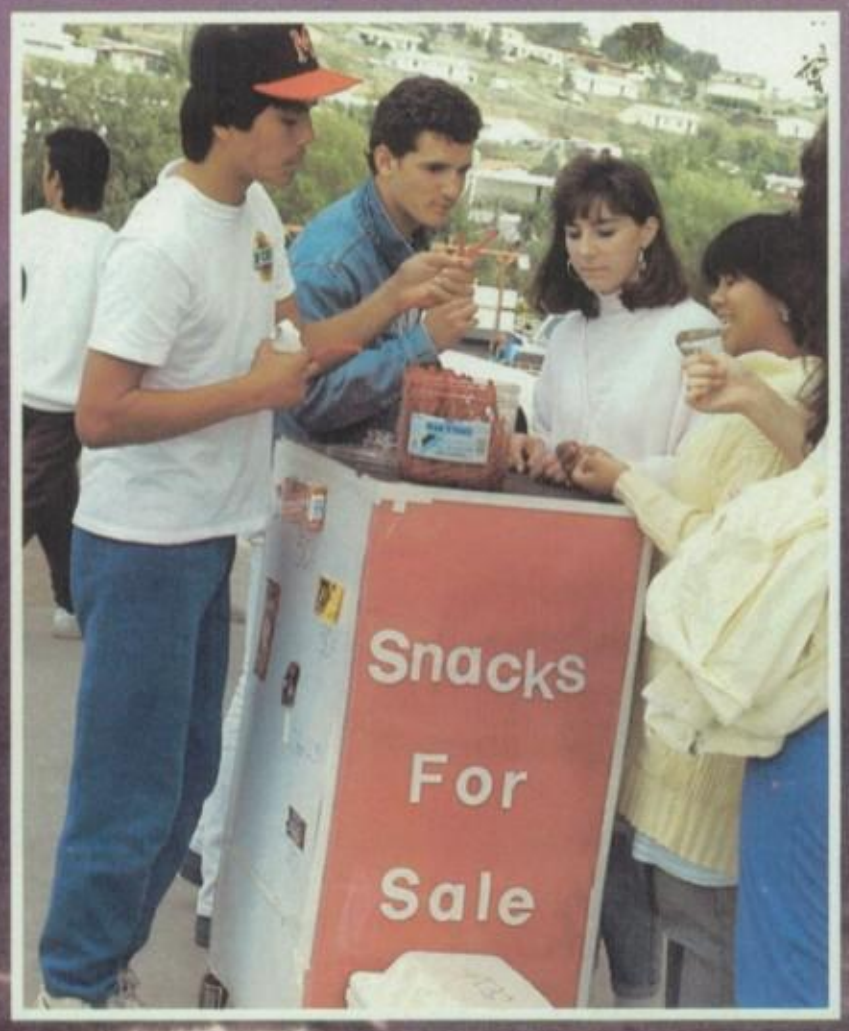
Catch the Wa

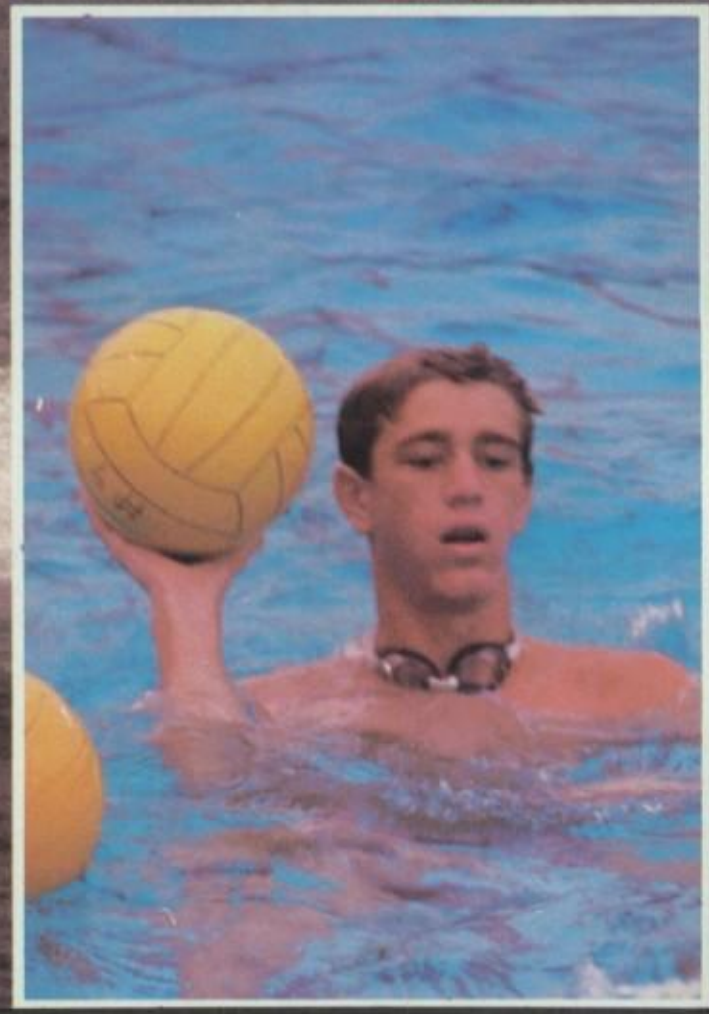
Splash of Success . . . it's everywhere! These three little words made an enormous impression on Mount Miguel Matadors. Through academics, sporting events, and other school activities we tried to achieve one goal, to make Mount Miguel the best ever.

To be successful takes hard work, overcoming obstacles, and being involved. We, as Matadors, showed our involvement through all that we did. Participation in class competitions and dress-up days were just two ways that we proved that our spirit was high. Sports were another form of involvement. The atheletes of our school deserve much recognition in contributing towards making Mount Miguel the best that it was. All the Matadors worked together to make this year a success, so the next time you hear Mount Miguel mentioned, feel proud because you helped achieve our common goal of excellence and you are successful!

ue







Dedication . . . that's what success is all about. It could be seen everywhere you looked. The water polo team at morning practice, arriving to school on time (no matter the means of transportation), and the endless hours of fundraising, were several foundations towards Mount Miguel's success.

Without this display of dedication, Mount Miguel would not have been the place it was. Our school is oriented around the students and if we were not dedicated to making it a success, then it would not have been the great place it was. Because of our ability to succeed, the dedication of all paid off and our success was seen everywhere.

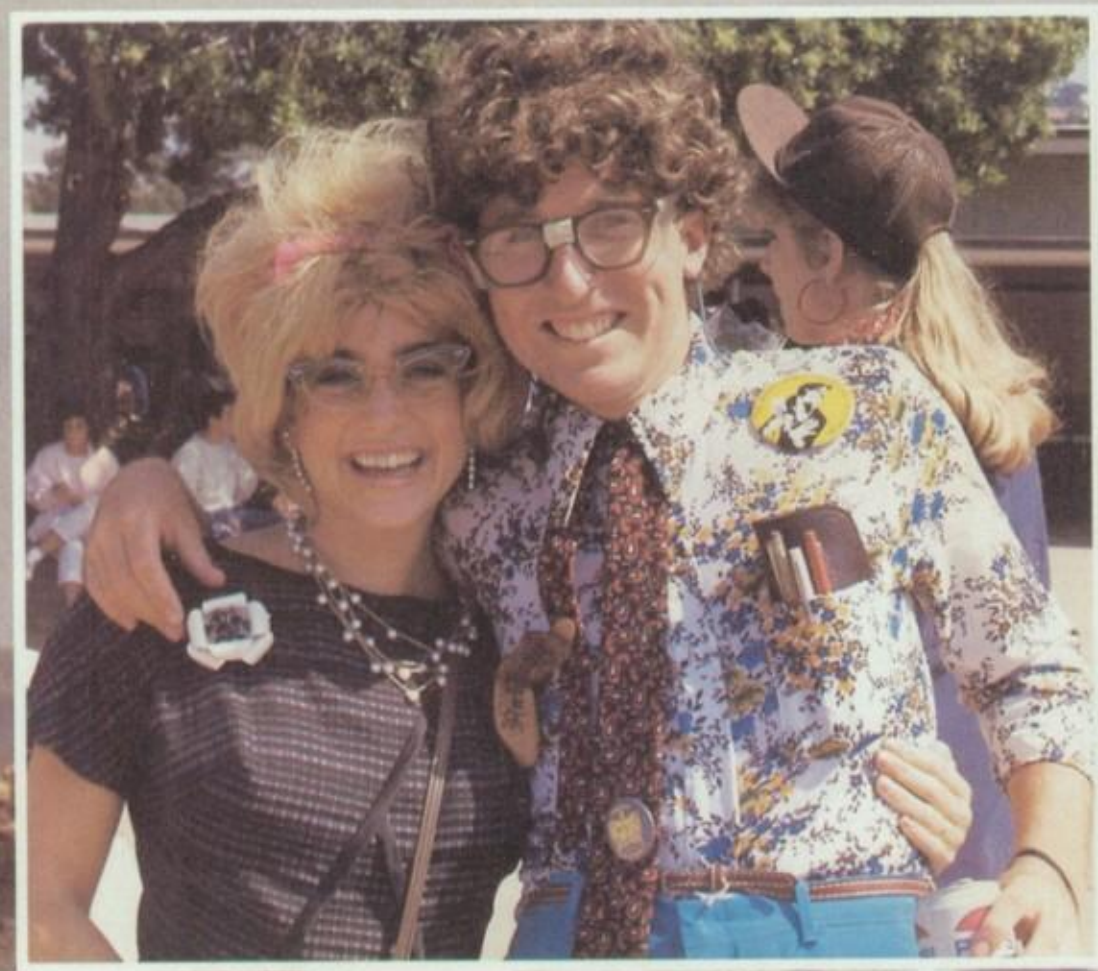
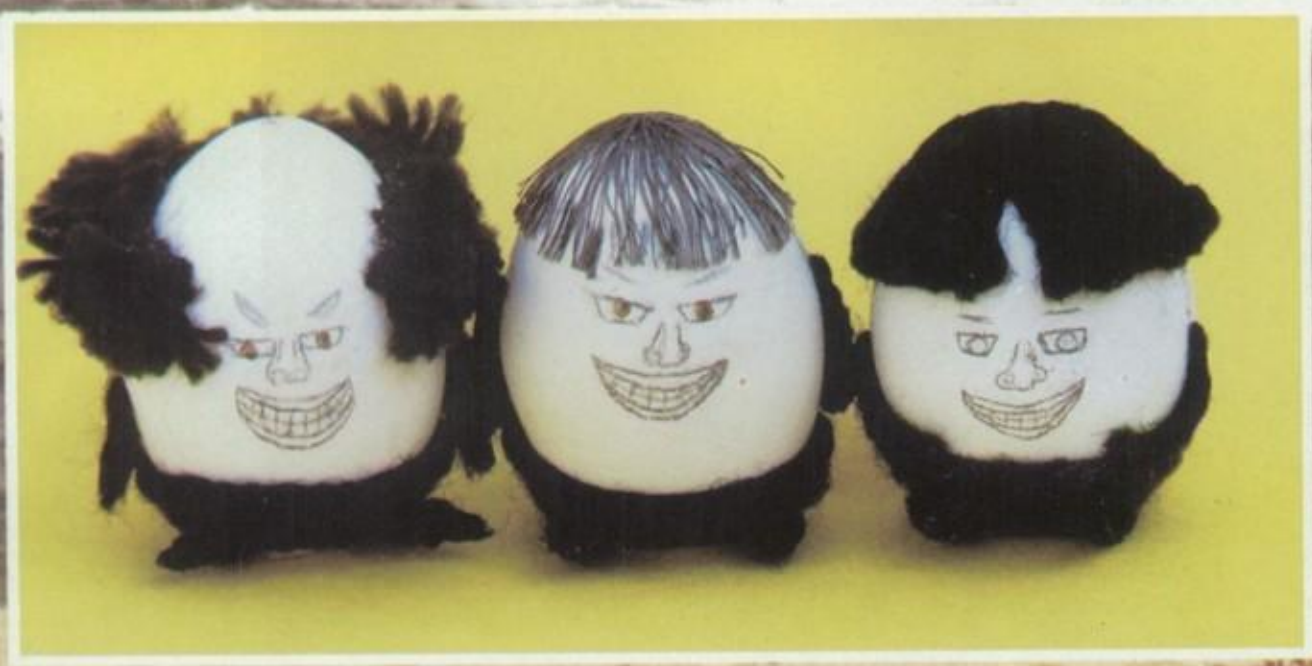
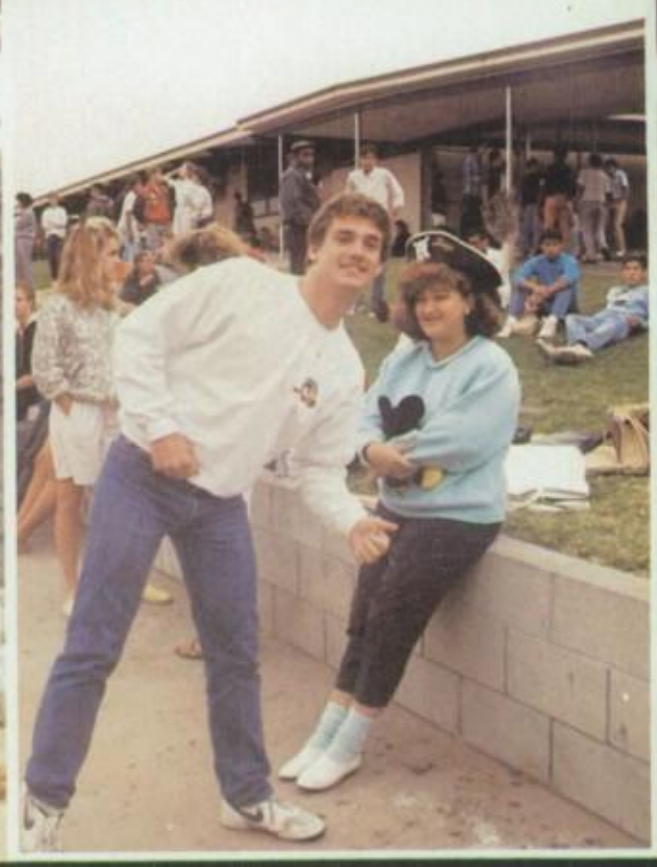
What would succeeding be if we didn't have obstacles in our path? All of us have reached a hardship of failure that has set us back a few paces toward our goal.

Throughout the school year, we saw many obstacles. There was always the problem of traffic after school. How many times did you see traffic jams in the parking lot at 2:30 p.m.? Or what about accepting defeat in class competitions? Just to participate was difficult enough, but walking away from a loss was worse. Injuries also hampered many activities. These were just a few of the setbacks that faced us throughout the year. From them, we learned a lot. We accepted our defeat, but did not let it get us down; instead, together as Matadors, we gained knowledge and worked towards doing better the next time. In academics, we took our bad grades and worked harder to achieve an "A" next time. Athletes practiced harder to win the next game and students joined together to build the enthusiasm of our school so that Mount Miguel was the best.

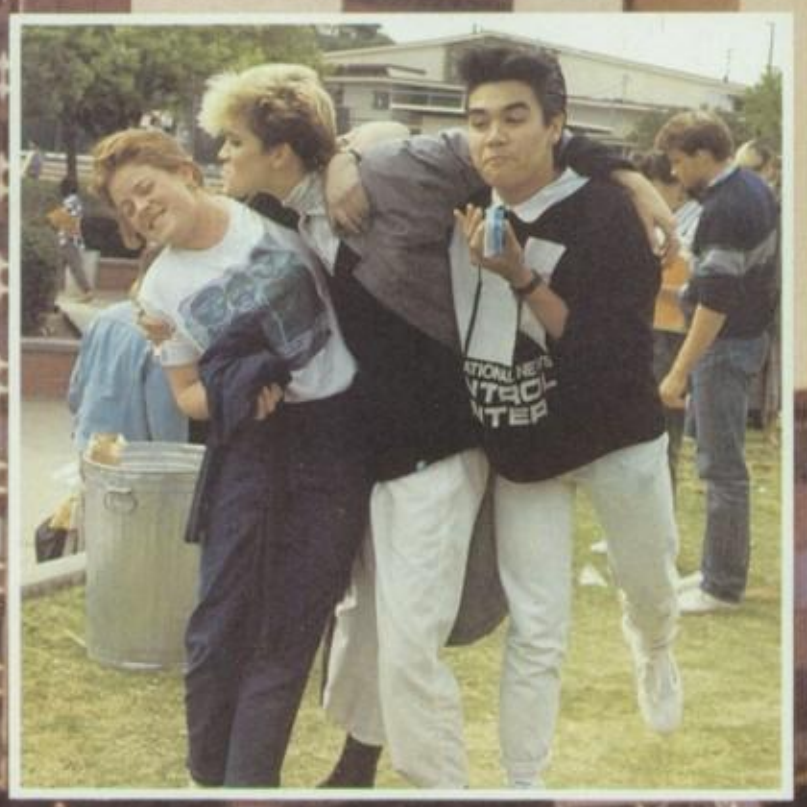
ipe — Out!







Life Preserver



Friends . . . what would we do without them? They are always there to pick us up when we are down or help us celebrate when we are happy. They are the sister or brother we don't have and the listener everyone needs.

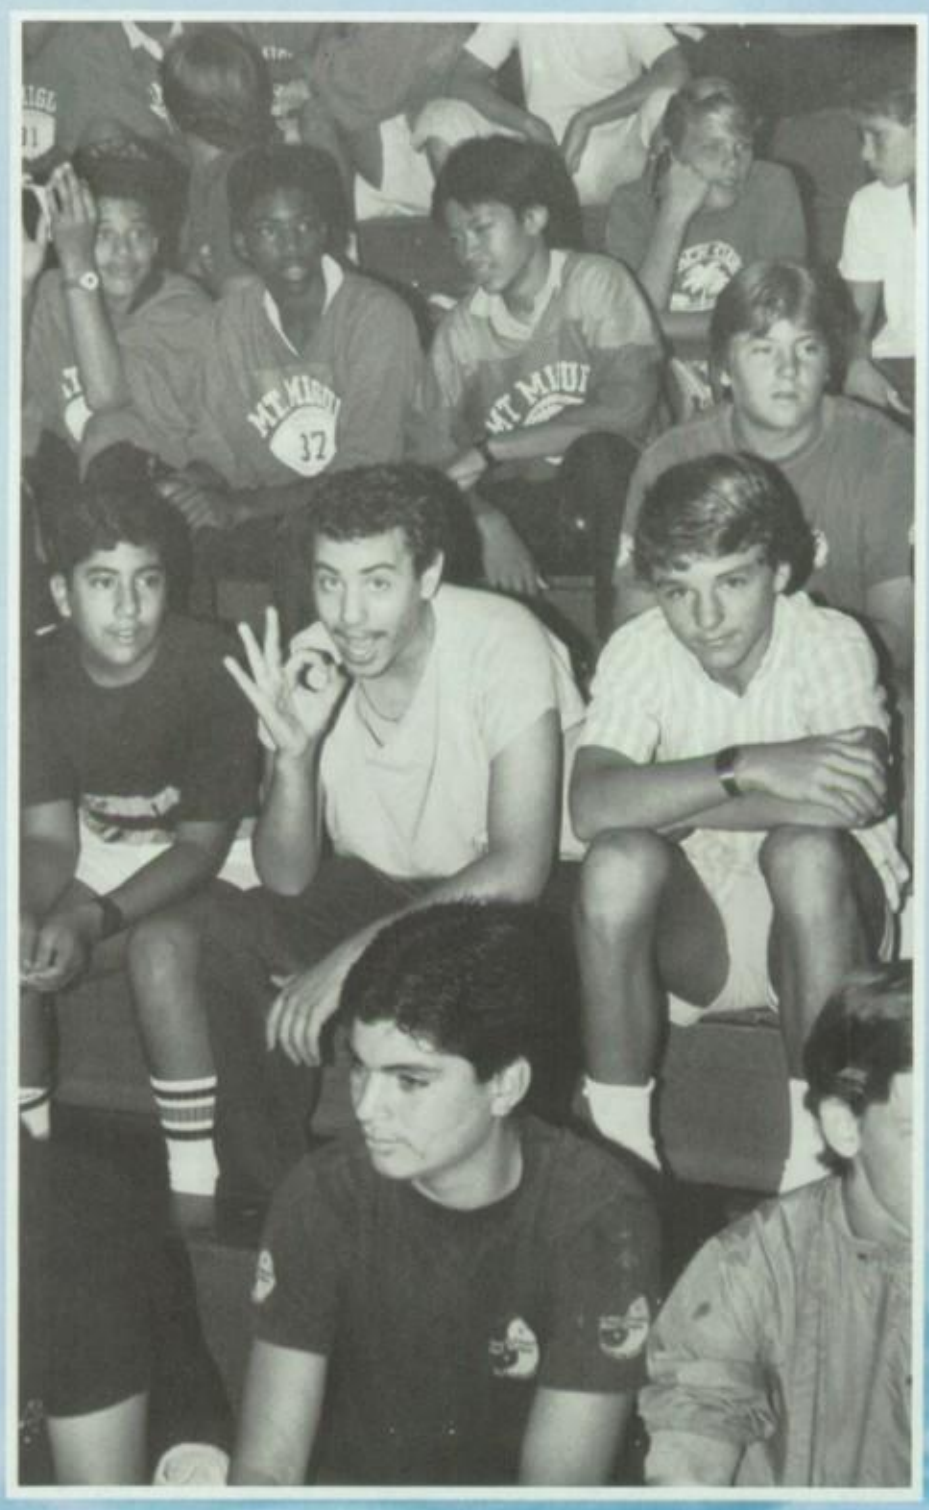
To succeed, having a friend by your side makes the path a lot easier. There were always old and new friendships building everyday at Mount Miguel. Without the support of our friends, coping with the hardships of high school would be a very lonely and difficult experience. Friends help brighten our paths and our days.

High Tide

Look around you . . . what do you see? You see a great school and terrific students who have achieved their goal of making Mount Miguel number one in spirit and pride.

When we look back on this past year we will remember all that our school has achieved. In sports, we will never forget our mighty "Thundermidgets" who overcame all the odds and proved that they were the best. When you think about the year at Mount Miguel, remember the good times and the achievements you have accomplished. As Susan Lilly said, "Success means achieving what you have set out to accomplish and knowing deep down inside, that whatever it may have been, you gave your all and put forth your best effort!"

As we end this year we have left our mark with a "Splash of Success" for future years to live up to.



MIL MEMORIAS STAFF

Soaring to New Heights

Countless hours of hard work went into making a successful, entertaining, and well-rounded yearbook. Patience and timing were essential in getting those "perfect shots." Literary creativeness was used to produce the appropriate captions for each picture. An artistic and disciplined eye was used to create an imaginative layout, so that the year would be expressed to its fullest extent. The collaborative efforts of the staff, and an unwavering dedication motivated everyone towards commitment and excellence in the endeavor. In keeping with the tradition established in years past, the staff once again has produced a vintage edition of *Mil Memorias.*

Editor-In-Chief Rochelle Waite's creativeness in her layouts, appreciated leadership, and helpful knowledge gave the yearbook a special touch. Assistant Editors, Mirasol Espanola and Leslie Ringo, unselfishly dedicated their time and talent in checking layouts, answering many questions, and giving that extra push. The availability of Mr. Ric White as a resource facilitator as well as a friend, and advisor gave this year's annual a uniqueness all its own. We hope you, the owner, will enjoy this book as much as we enjoyed producing it.

As you looked around campus you saw many different things going on. From the spirited class competitions to the exciting, yet informative assemlies, ASB was the group responsible for most of these activities. ASB did a lot to promote spirit and participate on among the students in the school. With the long hours of dedication and the fine leadership qualities of our ASB leaders, ASB was able to accomplish several projects. The top five in charge are as follows: Mr. Ric White — Advisor, Susan Lilly — President, Joyce Palermo — Vice President, Mirasol Espanola — Secretary, and Rochelle Waite — Treasurer. With their help, the ASB commissioners and ASB class were able to pull together and make school activities a great success. As you can see, all the hard work ASB put into the school has paid off, making Mt. Miguel one of the best schools around.

FADS and FASHIONS

'87 is really revvin' in Fashion! The colors are more bold this year with touches of gold, black, and blue. People are expressing their individuality more through the way they dress. Whether it's chic or punk — it definitely makes a statement!

First Nike, then Adidas, now Fila! This new Fad has been called to attention most by young recording artists such as LL Cool J. Remember! You can't rock the bells unless you be illin'!

Earth-tones; brown, black, and dark green express the more personal self; the punk look.

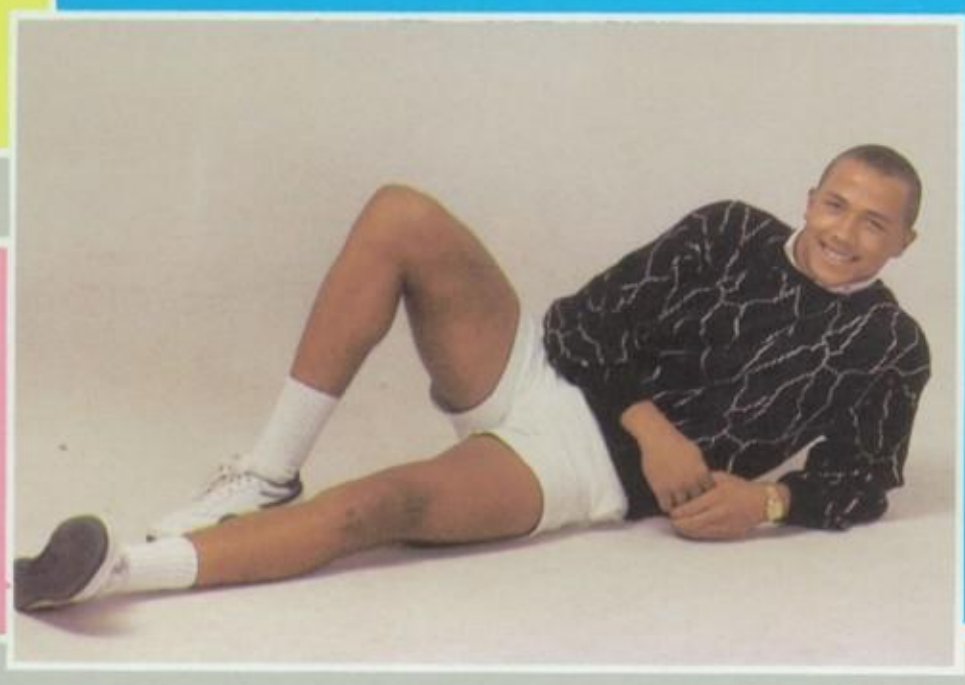
Wild and crazy! They all make up the fashion of the year 1987 at Mt. Miguel.

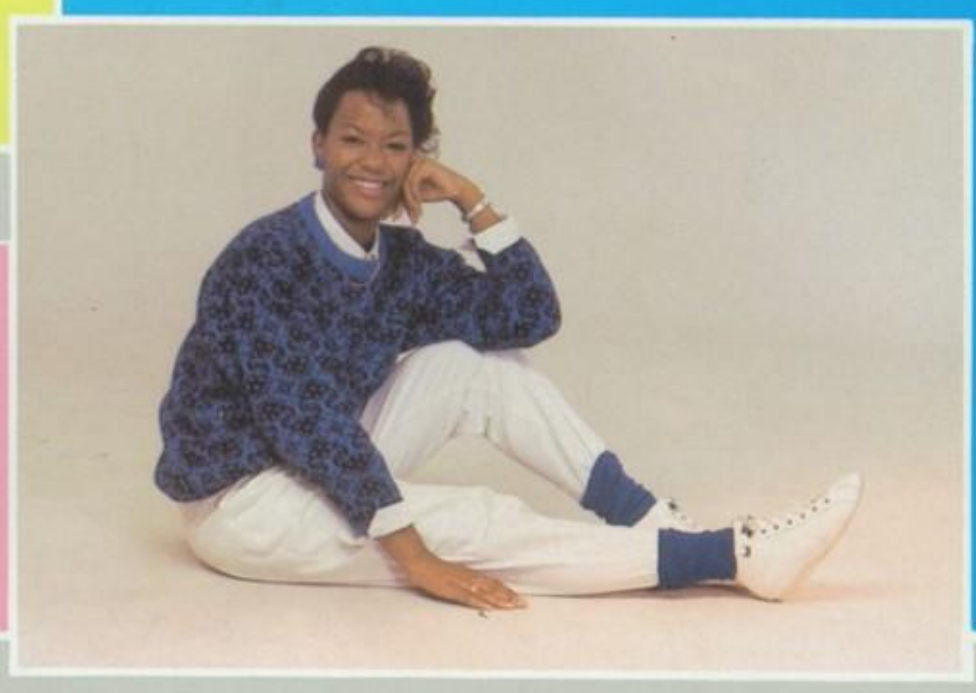
Stylish, tres chic? Here we have the more sophisticated look. Suits — color coordinated — to fit the more outgoing person who desires to look fashionable on the run!

This is definitely the year in shoes! People are wearing more flats this year because of the efficiency and the comfort!

Cool, Calm, collected. That's the new wave BKA Mod look. A mixture of punk and casual that make a new look . . . like totally!

Hey, it's kick back time! The more casual look. Where sweaters and tennis shoes accent the more laid back individual.





HOMECOMING
A Night to Remember

Homecoming '86 was a night of excitement and suspense, but also a time for friends to be together and have a good time.

Preparation for the memorable evening took place weeks before October 10th, with the building of the floats. Each class spent many hours at different houses putting together a float they could be proud of. A few days before Homecoming night, the ASB sponsored activities such as Hat Day, Nerd Day, Disney Day, and Friday afternoon topped it off with a Matador Mania barbecue, where both students and alumni could enjoy a great lunch. These events got the Matadors hyped up for the climactic evening.

Homecoming night began with the floats making their way onto the field. This year's theme was "It's a Small World." The hard work and time that each class put into their floats paid off, as the Seniors captured first place with the theme of the Orient, and the Juniors came in second with Hawaii. The Sophomores came in third with their version of Egypt, and the Freshmen took fourth with Mexico.

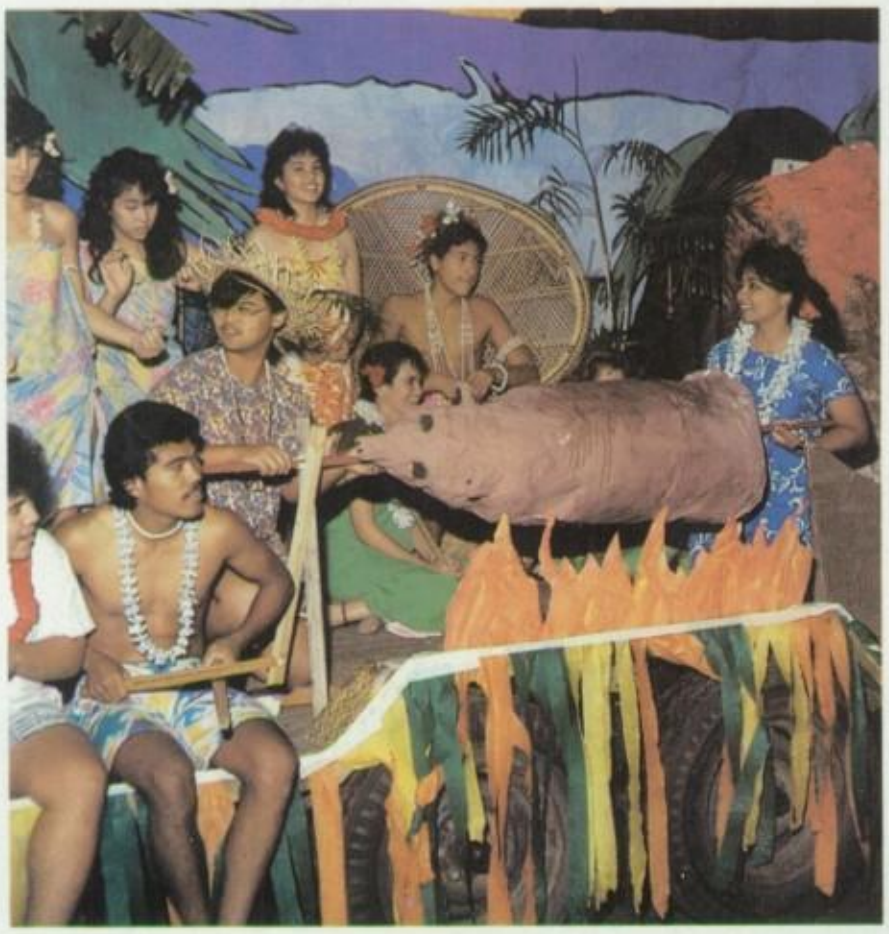
As halftime arrived, the crowning of the queen took place. The suspense filled the court as Susan Lilly was crowned the new queen. At the dance, everyone gathered around to hear Geraldine Mann announce Brent Wakefield as the new king. In addition to those exciting events, Mt. Miguel played a great winning game against Valhalla with a final score of 15-8.

Homecoming will stand to remind us as Matadors, that we were able to work together to make an evening like October 10th a "splashing" success. It will definitely be one of the special memories of Mt. Miguel's '86-'87 school year.

The MMHS "Thunder Midgets" get themselves hyped up for the big game.

Matadors had a great time dancing to the beat of Sonic Sound.

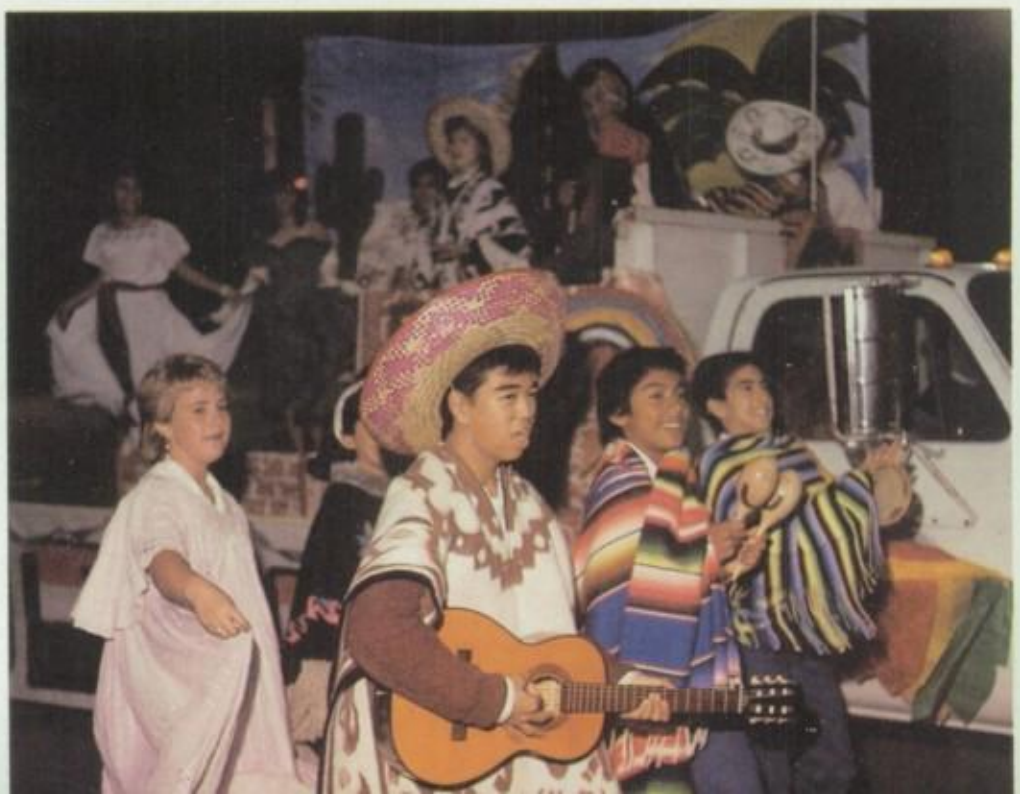
The Class of '88 took second place with their float of Hawaii.



Susan Lilly happily accepted her title as Homecoming Queen.

Mistress of Ceremonies, Geraldine Mann announces the next nominee.

Class of '90 came in fourth place with "Mexico."



The Class of '87 captured first place with "The Orient."

The Class of '89 was awarded with third place for the Egyptian period.

Drum major Eling Hoppe leads the award winning Marching Matadors onto the field in victory.

ROTC shows our Matador pride as they display our country's colors.

Geraldine Mann, Shannon Spisak, and Aundene Hugg showed their spirit through their hard work and dedication.

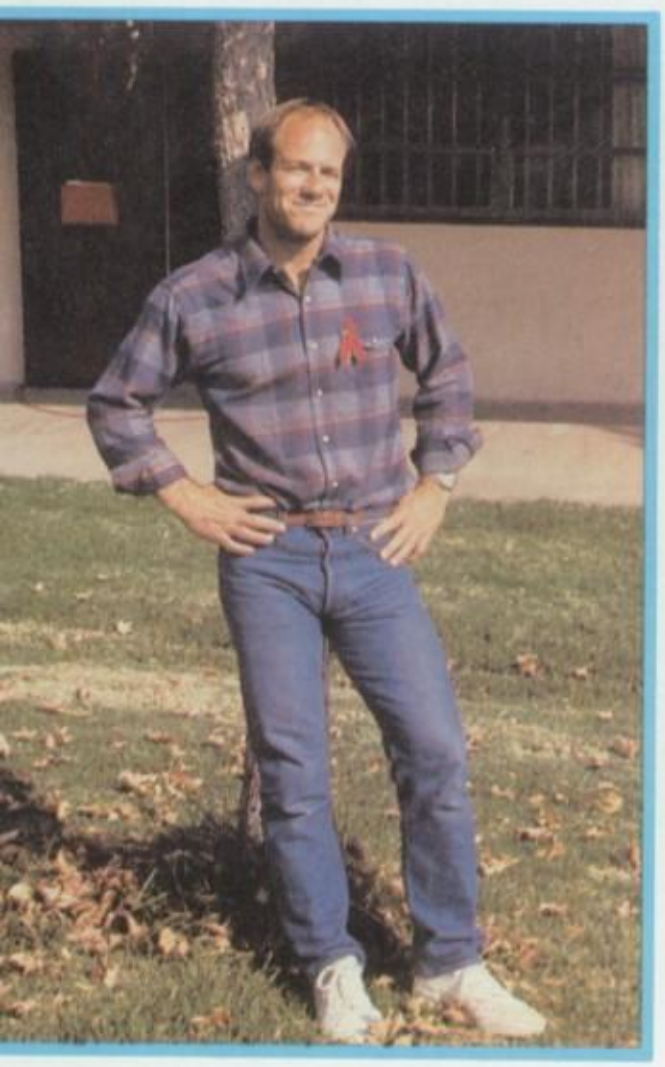
DIP INTO SENIORITIS

Being a Senior has its many advantages. For example: The senior lawn, being looked up to by the underclassmen, and the beginning of a new life. For four years we've worked hard to do the best we could to prepare for college and the adult world. Though this is a happy and an exciting time it's also sad and scary. It's time we leave our friends and school to challenge the life ahead of us.

The Senior class was very spirited this year taking pride in the things they did. For the first year the class of nineteen hundred eighty-seven's homecoming float won first place with their version of the Orient. Striving to make their last year the best, many seniors took part in school activities and events, showing they have spirit and know how to have fun. This may be the end of the high school life, but not the end of ours, and the seniors showed they could go out with a splash.



Advisor: Mr. Brian Wilbur

Spending times with close friends helps to create some of those special high school memories.

Seniors shown their spirit by getting involved in the many school activities, as these two do on nerd day.

John Mark: A Common But Unusual Individual

John Mark — No, he's not just a guy with two first names! He's a lot more. John, winning "Most School Spirit" is a really outgoing person. He is on the Swim Team, and some of his favorite hobbies are photography, cycling, and traveling. Another unique interest is his love for the Beatles. One of John's most recent traveling experiences was a trip to Soviet Union. He can tell you stories, and stories, and even more stories, each one being just as interesting as the next! One thing that clearly stuck out in his mind during his stay was the pioneer camps. These were summer camps for children ages 7-14, which lasted for 3 weeks. He said, "They teach you just about everything; for example: how to become a good citizen, play sports, sing songs, etc . . . " He explains, "The only thing that is not taught there is Marxism, which is taught in school."

The Americans visiting the Soviet Union were scheduled to see the Secretary General of the Communist Party, Mikhail F. Gorbachev, but at last minute he canceled without any explanation.

Despite all rumors, John claims the people of the Soviet Union are fantastic . . . and extremely honest.

So remember, despite the fact John has two common names, on the contrary, he is quite unique!

Kristi Karlson: Enthusiasm Is Her Middle Name

Bump, set it Kristi, spike! "When associating my name with something, what do you think of? You guessed it, Volleyball! This is my true love, but soccer comes second."

When asking a friend to describe Kristi, he thought of her as being competitive, and hating to lose, yet dedicated and loyal.

Kristi's enthusiasm is what makes her so unique. She is always on the go, with a smiling face, ready for anything that comes up next. The great thing about Kristi is that even though she's active in sports, she finds time to study and keeps up her grades.

Kristi's involvement with the Senior Class never seems to get the recognition she really deserves. You were always able to find her at the class meetings, ready to volunteer to help with upcoming projects.

Being one of the well — rounded people at Mount Miguel High School, Kristi Karlson's enthusiasm and support has definitely been helpful in keeping up the spirit that makes our school so special!

Like most people at school, Cheryl Morrison finds time to relax every morning before first period.

Keith Embray: Success in Action

What kind of fool is he? He's nobody's fool! Keith Embray, a guy who knows what life is all about.

Keith is very athletic, with an outgoing personality. Being a member of the "Mighty Thundermidgets," you can guess he loves football, along with basketball and track. Having long legs (which he is so well known for!) has been tremendously helpful in all three of these sports.

Some things that Keith enjoys in his spare time, such as working with computers and reading comic books, reflects the different sides to his personality. Keith not only has a great sense of humor, but he's also one pretty intelligent guy.

In addition, one of Keith's major goals in life is to become a History teacher. You might ask, "Why History?" The answer lies in his junior and senior History classes, where they could see him in action!.

Good luck Keith, we know you'll succeed in life!

Rita Martorana: Woman of the World

I was born in San Francisco, CA on November 11, 1968. My father, Emanuele Martorana, was born in Sicily, Italy, and my mother, Alma Romero, was born in Managua, Nicaragua. I learned Spanish and English at the same time and a few years later I learned Italian. I have three older half sisters and one younger brother, Emanuele Martorana with whom I grew up. I like Soccer, Cheerleading, and I like to travel. My first traveling experience was to Italy. I flew from San Francisco to Brussels, Belgium. I went on train from Belgium to Calabria where I boarded a ship to Sicily. I stayed in Palermo for one year with my relaties. In 1978, I traveled by car through Central America. We started out in San Francisco and went through Mexico, Guatemala, San Salvador, Honduras, and Nicaragua. I lived in Nicaragua for one year where I attended the third grade. During my stay in Nicaragua, political problems were getting worse. When the Sandinistas started fighting the guerrillas, my family and I flew to Panama. From Panama we flew back to the U.S. My most recent traveling experience was to Mexico City with YWAM, (Youth With A Mission). Now, I'm currently back in the United States, for the time being.

We Love You!

FACULTY

Tradition of Good Work Continues.

The 1986-87 school year was a great success. The people who mostly contributed to this success were the administration, faculty, counselors, and staff. They all are to be commended for getting the year off to a good smooth start.

A warm welcome was given to new members of the faculty and especially to our new Principal, Mr. Pat Caroll, who came from Monte Vista. He is not new to Mount Miguel, he served this school as Vice Principal in 1977-78. Working along with Mr. Caroll were Vice Principals: Jane Beaman, John Halterman, and John Slatinsky.

This year, there have been many changes that have improved our school. The administration, faculty, counselors, and staff worked hard in continuing the good work. A big thank you goes out to those who made this year a success.

VARSITY CHEER

Take It to the Top

Varsity cheer's perfect on came from the hard work and dedication of the cheerleaders acting as a team. Part of the perfection comes from attending a new cheer camp called (UCA) The Universal Cheerleader's Association. UCA has sponsored cheer competitions that are held at Sea World annually. Being able to compete with other varsity cheerleaders was a new exerience for our varsity cheer. On November 2, 1986, Varsity Cheer went to a cheer competition hosted by Santana High School. During competitions when team spirits were low, the cheerleaders encouraged and supported each other to do their best. Varsity cheer's advisor, Mrs. Edler, gave even stronger support while in competition. Mrs. Edler also kept Varsity Cheer in top shape through discipline and support. Discipline did not mean harsh treatments, but to perfect those litttle imperfections in order to have a top-of-the-line cheer squad.

Following the exciting football game, the spirited cheerleaders, Joanie Belisle and Melanie Cunniff, breathe a sigh of relief as they can finally relax.

How about giving a big thanks to the JV cheer for promoting spirit throughout the year. They cheered the JV teams to victory at home and away games and most of all kept the tradition of spirit here at Mount Miguel flowing.

The JV Cheer Squad as well as Varsity Cheer all went to the UCA Cheer camp in San Luis Obispo in the month of August. The JV squad participated in different events and brought home several superior blue ribbons from the camp. They received helpful tips from the instructors and just had sheer fun. As for Theresa Luong, her most memorable moment of being on cheer was going to camp: "It was a lot of fun and I met so many new people. Also being on the JV cheer squad was a very enjoying and learning experience."

Practices were held everyday after school except at sporting events where they cheered. These practices included running almost everyday and working out 2 or 3 times a week. From this you can see that the JV Cheer wanted to match the Varsity Cheer by working twice as hard.

Making up new cheers and chants, having a close unity, and showing enthusiasm were all factors in keeping the spirit flowing. Captain Kassi Roberts leaves us with this: "I thought being on cheer was real special because I got to know each person real well."

THUNDERMIDGETS

Become Real Giants

"Speed is the greatest asset a team can posses.", says Matador Head Coach Gary Cooper. Speed and quickness was what this team had which was why one local newspaper had given our football team the nickname of "thundermidgets." Second year Head Coach Cooper aided by a group of talented assistant coaches have shown the Grossmont league that we were the team to beat. Led by a county leading defense, the team was tough to score against. The defensive standouts are Jay Jay Ludlow, Manual Ford, Adam Wilson, Brian Millum, Keith Embray, Erik Stotlemyer, Haywood Mathis, and Eric Parker. Senior Keith Embray pointed out, "This years team was all heart and quickness which made our defense." The offense gained its second wind with the arrival of quarterback Anthony Rivera. Anthony took over for Ben Lupdag who started out the season for us. Charlie Ray commented "Our offense pulled through when we needed them." In addition the offense was also led by Raymond Roberts, Rick Serrano, and Anthony Williams. "Our team was a team of destiny" says Coach Cooper, "we always found a way to win." With such a great and talented bunch of guys Coach Cooper was blazing a trail which wouldn't end until the C.I.F. playoffs.

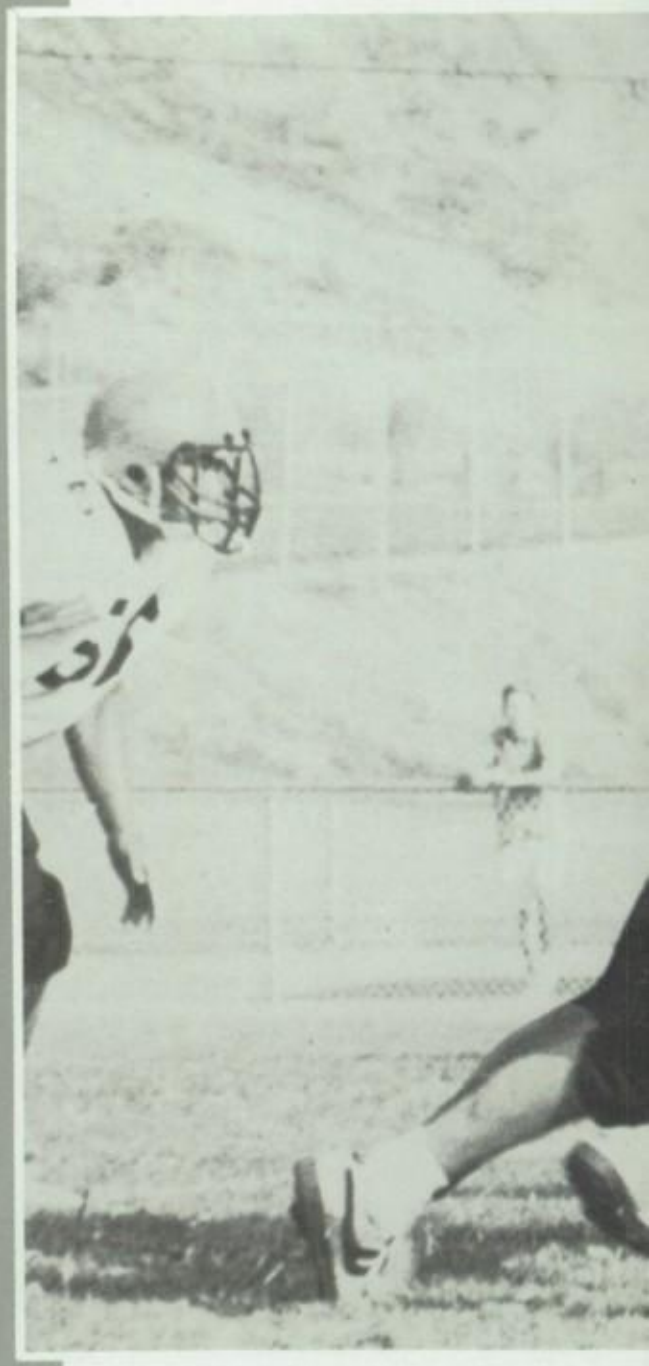
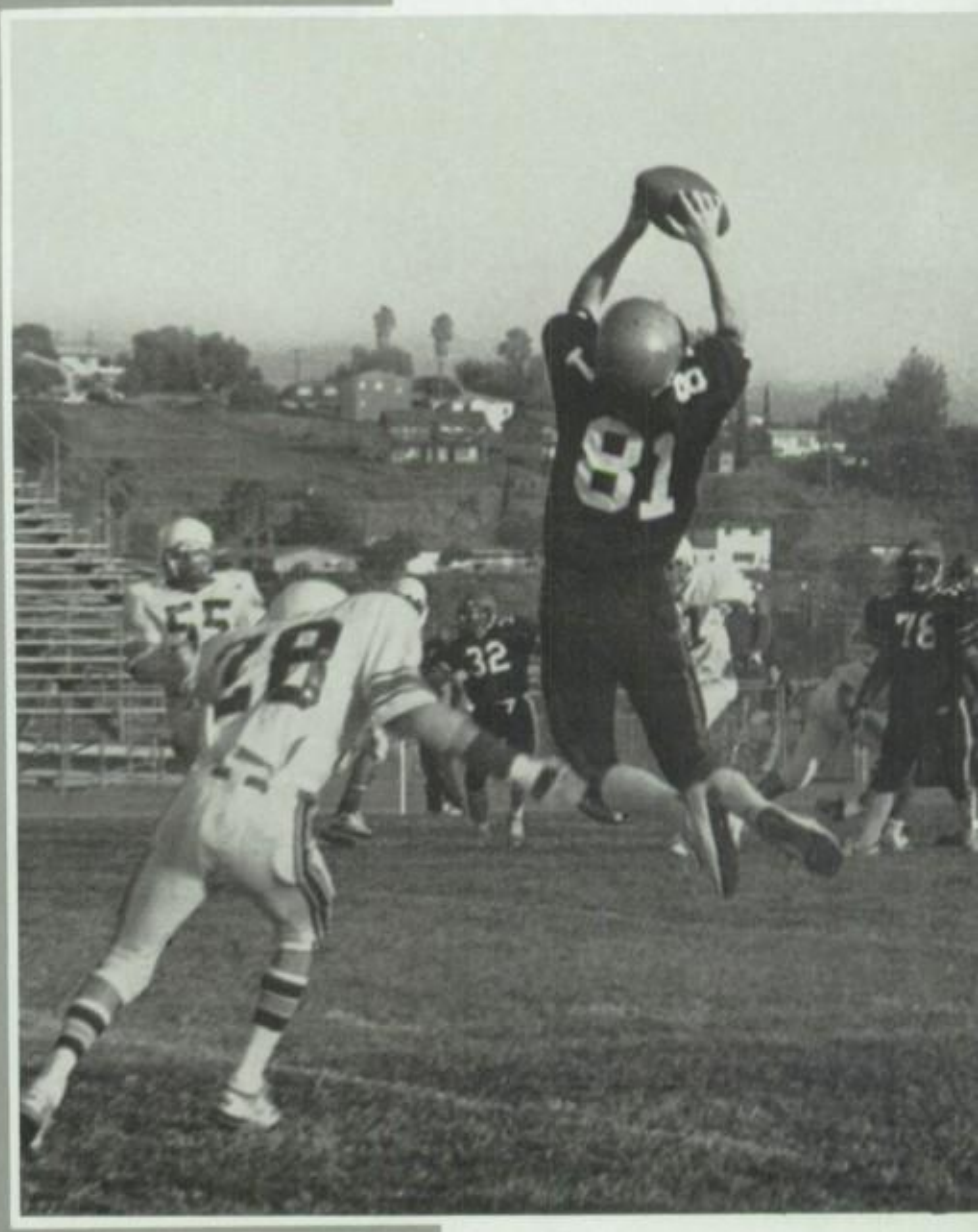
J.V. FOOTBALL
Ready to "Tackle" the Job

This year's J.V. team, got off to a rather slow start, but they improved steadily throughout the course of the season. According to Coach Schlaich, inexperience was the main contributor to this fact. "Much of the team was made up of freshmen that had never played football except for fun. This regulated form was new to them, but they adjusted well." He felt that when they return next year they will be better prepared to "tackle" the job. Another reason he stated was that they didn't get as much practice time as the Varsity team did.

With the increased number of coaches from last year came an increase of time for working with individuals. This factor alone helped immmeasurably. "It always helped to be able to work with each player and to help them with their individual skills," said Coach Schlaich. This separate developement also seemed to help the essential teamwork aspect of the game.

Sophomore, John Garcia (#25), said, "The team's strongest point was the defense, but the offense improved as the season progressed." His opinion was backed up by another sophomore player, Daryl Ayres (#24). John also said that the team worked well together, but he pointed out a few outstanding players including veteran team members Clay White (#1), Kwasi Gee (#18), Jeff Chambless (#3), and Tim Fletcher (#77). Considering all the effort that went into the team and how much the players improved, it seemed that success was the name of the game.

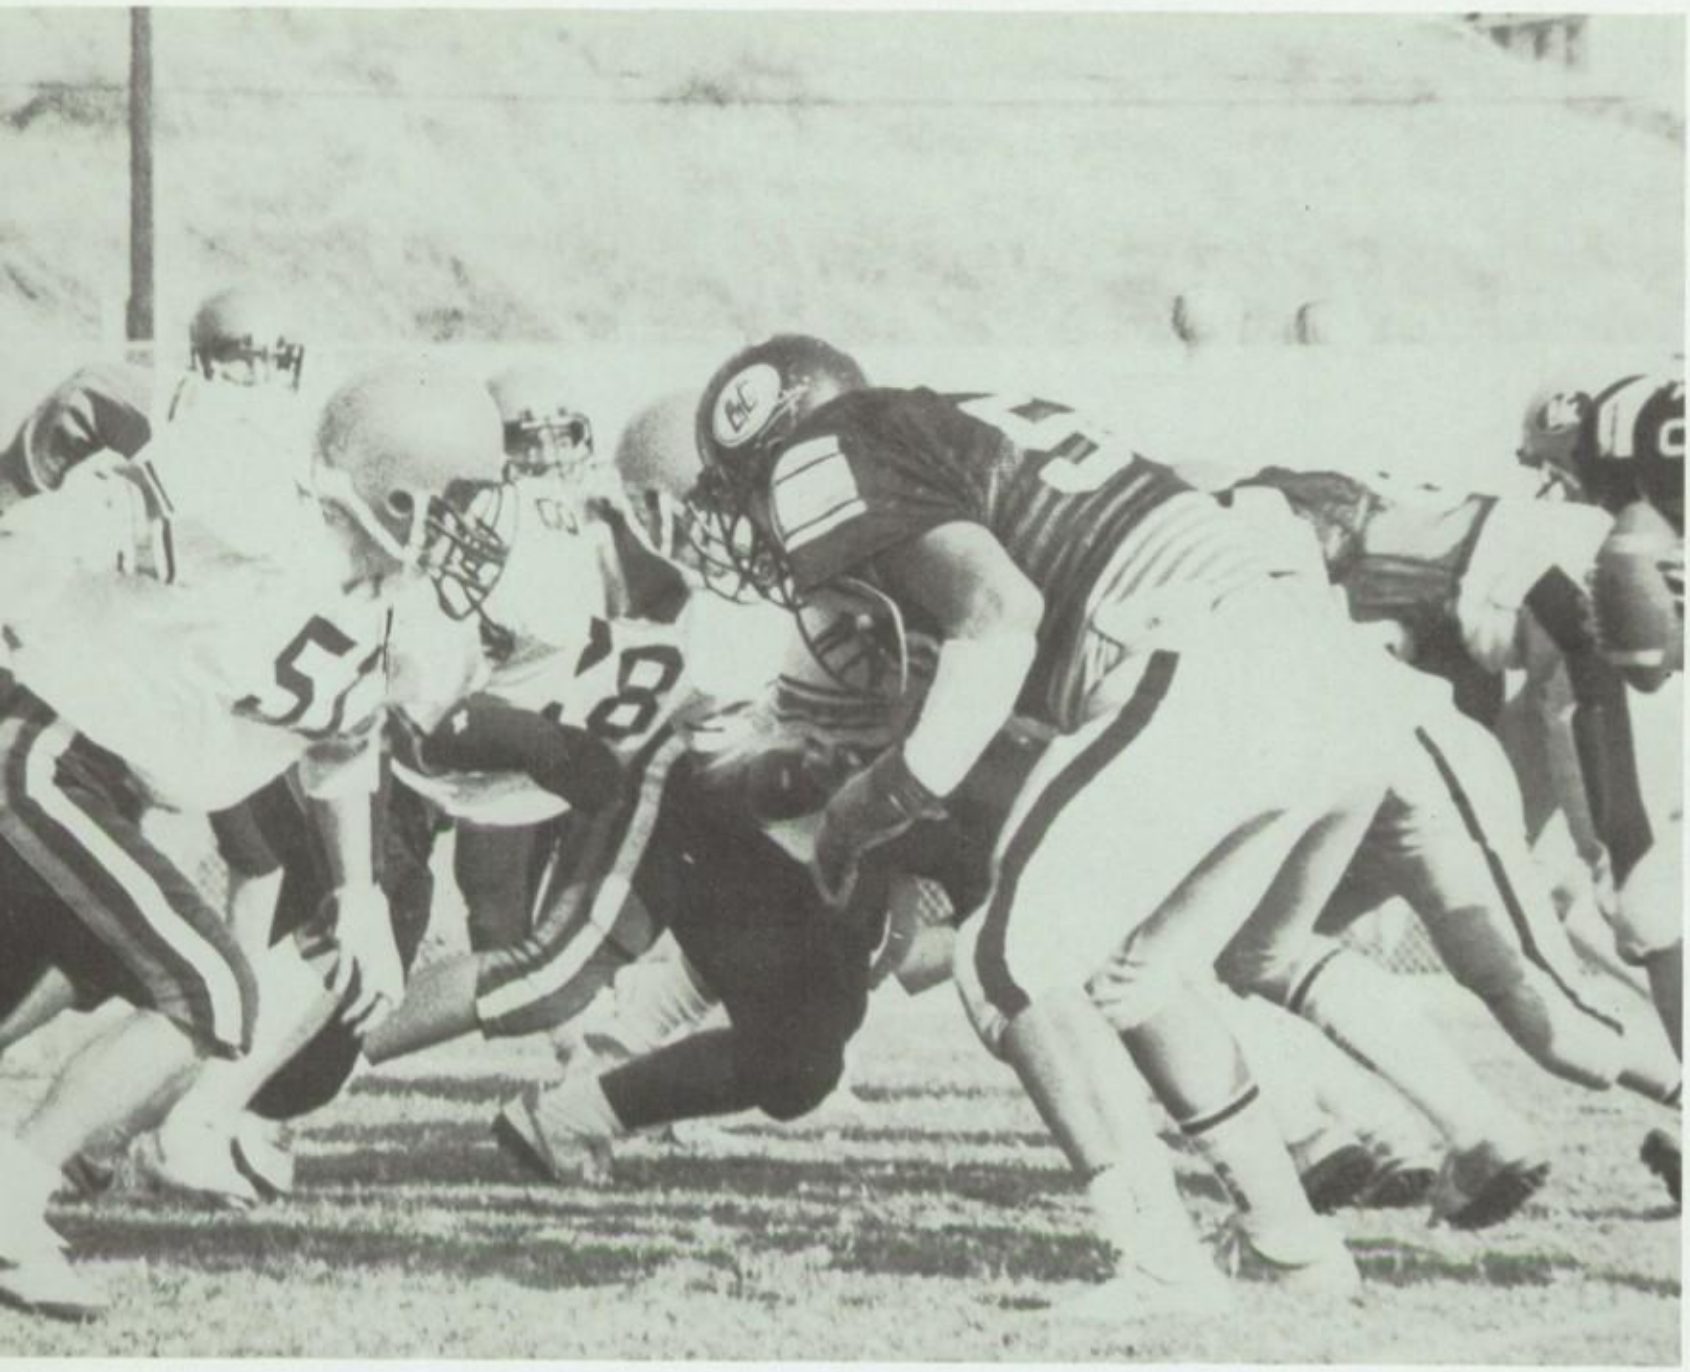




Clay White successfully tackles a Granite Hills player while John Castor and Charles Moss look on.

A perfect punt executed by Jeff Chambless helped the team beat our long time rivals, the Monte Vista Monarchs.

Freshman player, Keith Baldwin, makes a high-flying catch during the game against Granite Hills.



The Matador defense came alive in a winning game against the El Capitan Vaqueros.

Wide receiver, Dwayne Felton, breaks a tackle attempt by defensive back Jeff Bell during a practice session.

Quarterback Chris Whitehead goes back for a long pass to give the wide receivers some practice.

VARSITY WATERPOLO
Rewards of Perfection

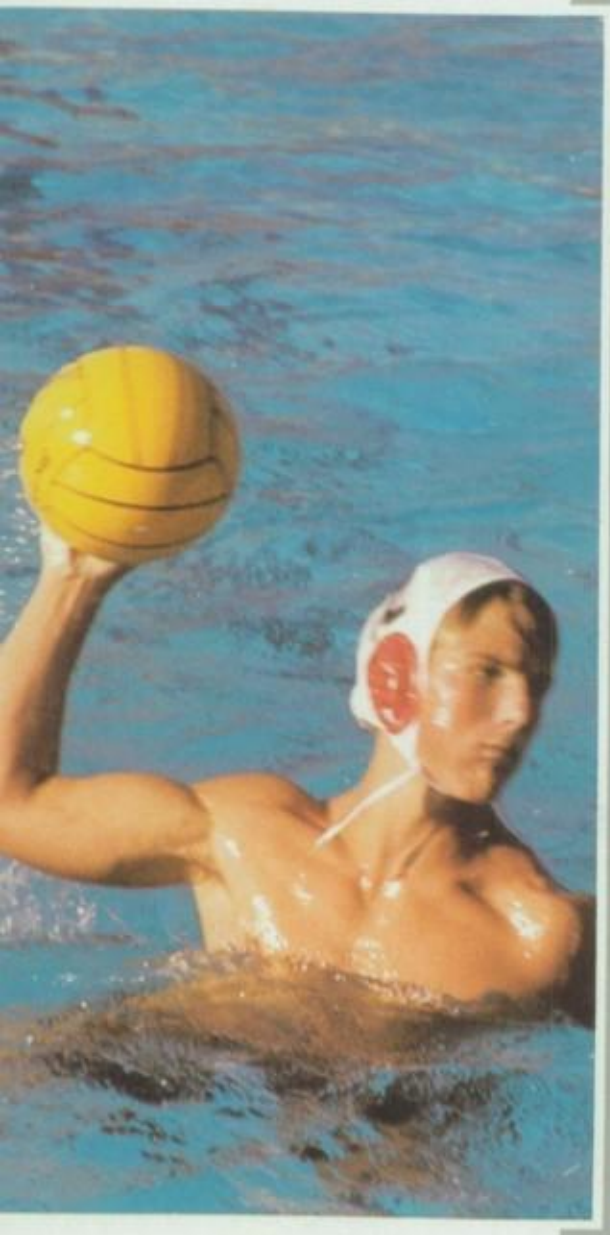
"Good." "Pretty good." "Improving" This is how many varsity waterpolo players described the team this year. Coach Brian Wilbur commented, "The team was good at the beginning of the year, but now they're ten times better. There is always room for improvement."

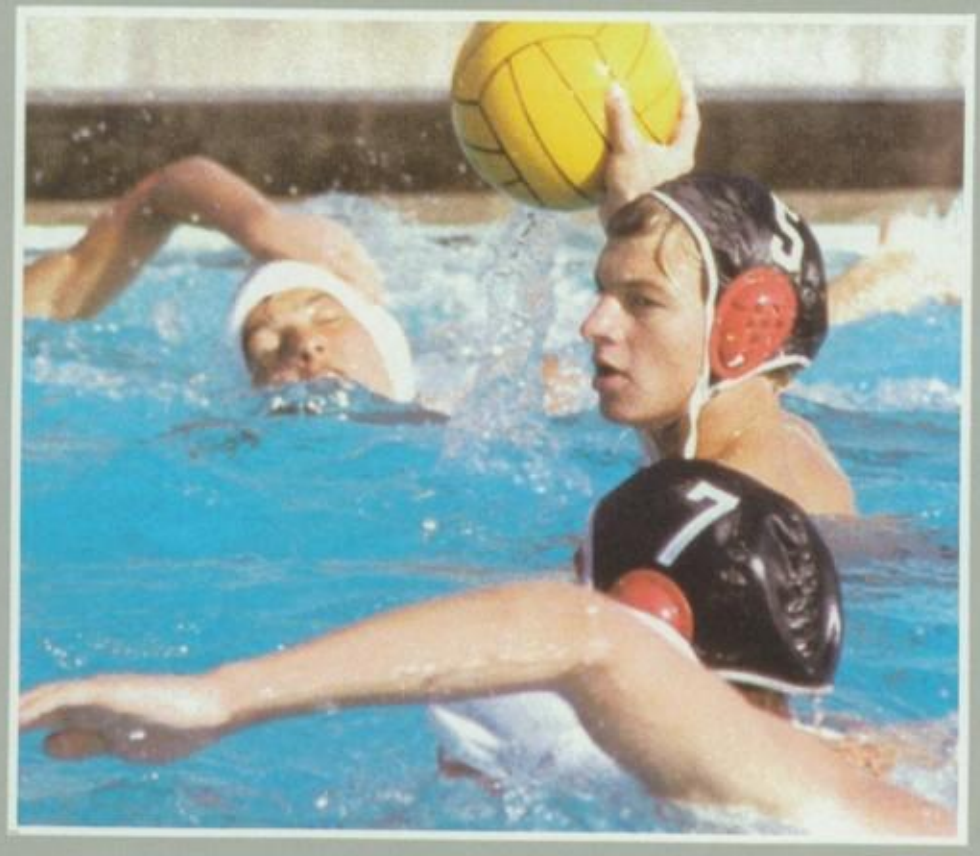
Returning from last year's extremely successful varsity season were team captain Raul Ramalho, Terry Lowther, Brian Berry, Rod Taylor, and goalie Rick Vannoy. Up from the junior varsity team were Donovan Russell and Gabe Rodgers. These players made up the starting line-up and were beneficial in creating a positive atmosphere for success.

Reviewing the team as a whole, manager Yvonne Heim had this to say, "Much of the team was seniors last year, so they're doing pretty well without all the experience." Coach Wilbur stated that "the team will definitely place second in the county."

To insure this type of winning season, practices were held every morning at six, and after school from three to six-thirty. This was probably no different from any other excellent high school waterpolo team. But something Coach Wilbur had the team do before each game that was very different from other teams, was to say a prayer for the saftety of the players. Pat Healey expressed this opinion, "I think it's a pretty good thing to do. We don't want to get hurt."

The team worked long and hard all season and deserved the rewards of perfection.





Team captain, Raul Ramalho, is ranked as one of the best waterpolo players in the county.

Making a shot at the goal, junior Rod Taylor helps the team defeat Granite Hills.

Senior Terry Lowther fights against two Granite Hills opponents to keep possesion of the ball.

J.V. WATER POLO
Makes a Big Splash

The Junior Varsity Water Polo team consisted of many newcomers made up of Freshmen, Sophomores, and one Junior. Most of the team were first year players and they proved that they had the ability to play a challlenging game and work well as a team. They showed that they had the potential to succeed and win.

To make a good team it took hard work and determination. To build up this determination they had to attend morning practices at 5:45 and afternoon practices. Dean Talbot put it into perspective: "The worst thing about Polo was the 5:45 morning practices." During the practices the team worked on swimming and scrimmages. To tone up their leg muscles the team did egg beaters.

Veteran Polo players Rick Walsh and Kurk Taylor were the coaches for this year. They worked the team to become much better players. Kyle Newman said that the coaches worked the team a lot but it will pay off in the future. Head Coach Brian Wilbur also helped the team prepare for Varsity level.

The year proved to be a successful one for our Junior Varsity Water Polo team. They won most of their games and they proved that they could play the best game possible. We Matadors were proud to have our Junior Varsity Water Polo team represent our school.

One-on-one combat is the name of the game for James Hall.

J.V. Volleyball

"Wowie Zowie!"

"Bump, set, spike!" is just what you'd hear at a J.V. Volleyball practice in 1986. This year's team got off to a slow and shaky start, but with the arrival of 1st year coach Amanda Crouch it developed into a rather interesting season. Star players to look out for were Freshman Traci Parker, Veteran Vicky Brown, Jenifer Munoz, and Tina Arter. The team learned, through long hard practices, how to work as a team. These practices included stretching exercises, running laps, jumping (practice for blocking), practice games against the Varsity team, and countless bump, set, spike drills.

This year was a good-conditioning exercise for next year's varsity team, so watch out!

Varsity Volleyball

Spikes Alive!

"Free", "Nice Serve", "Spike," — these were some of many phrases said by the volleyball players.

This year's team consisted of four returning Varsity players from last year, ten players brought up from last year, and two new players. Diane Rude was again this year's coach.

Three of this year's most promising players were the two spikers, Senior Marla Swanson and Sophomore Cindy Robbins. They were accompanied by excellent assists from setter Kristi Karlson.

The girls got off to a slow start but ended up working harder to win most of their games. Senior Kristi Karlson stated, "We've got to work to win."

All in all this year's volleyball team did very well and all of them agreed that, "Criticism is the best key for success."

Cross-Country
Taking It All in Stride

The cross-country team was small but tough. Under the strong leadership of coach Mike Cour, the team flourished in both spirit and pride.

Long hours of practice contributed to the success of the cross-country team. For at least an hour after school every day, each person ran from six to eight miles. Practice runs were not only limited to the Mt. Miguel campus, but went beyond, to the streets and hills that surround the school. Cross-country can be quite a difficult and challenging sport.

The team made a good showing for our school and themselves during meets and invitationals. Some of the outstanding athletes on the team were Patrick Higuera, who placed first in his race at the Mt. Sac Invitational, among other accomplishments, and Geraldine Mann, one of the best female runners in the league. Andy Meek was the team captain. At these meets, the guys ran a three-mile course and the girls ran two.

The cross-country team had an exciting and successful season, thanks to their coach. The entire team's feelings can be summed up with a single quote by Senior Patrick Higuera, "I have one thing to say, thank you Mike Cour, for four years of fun and competition. I'll miss you."

During the after-school practices of the cross-country team, each member works strenuously to build speed and endurance.

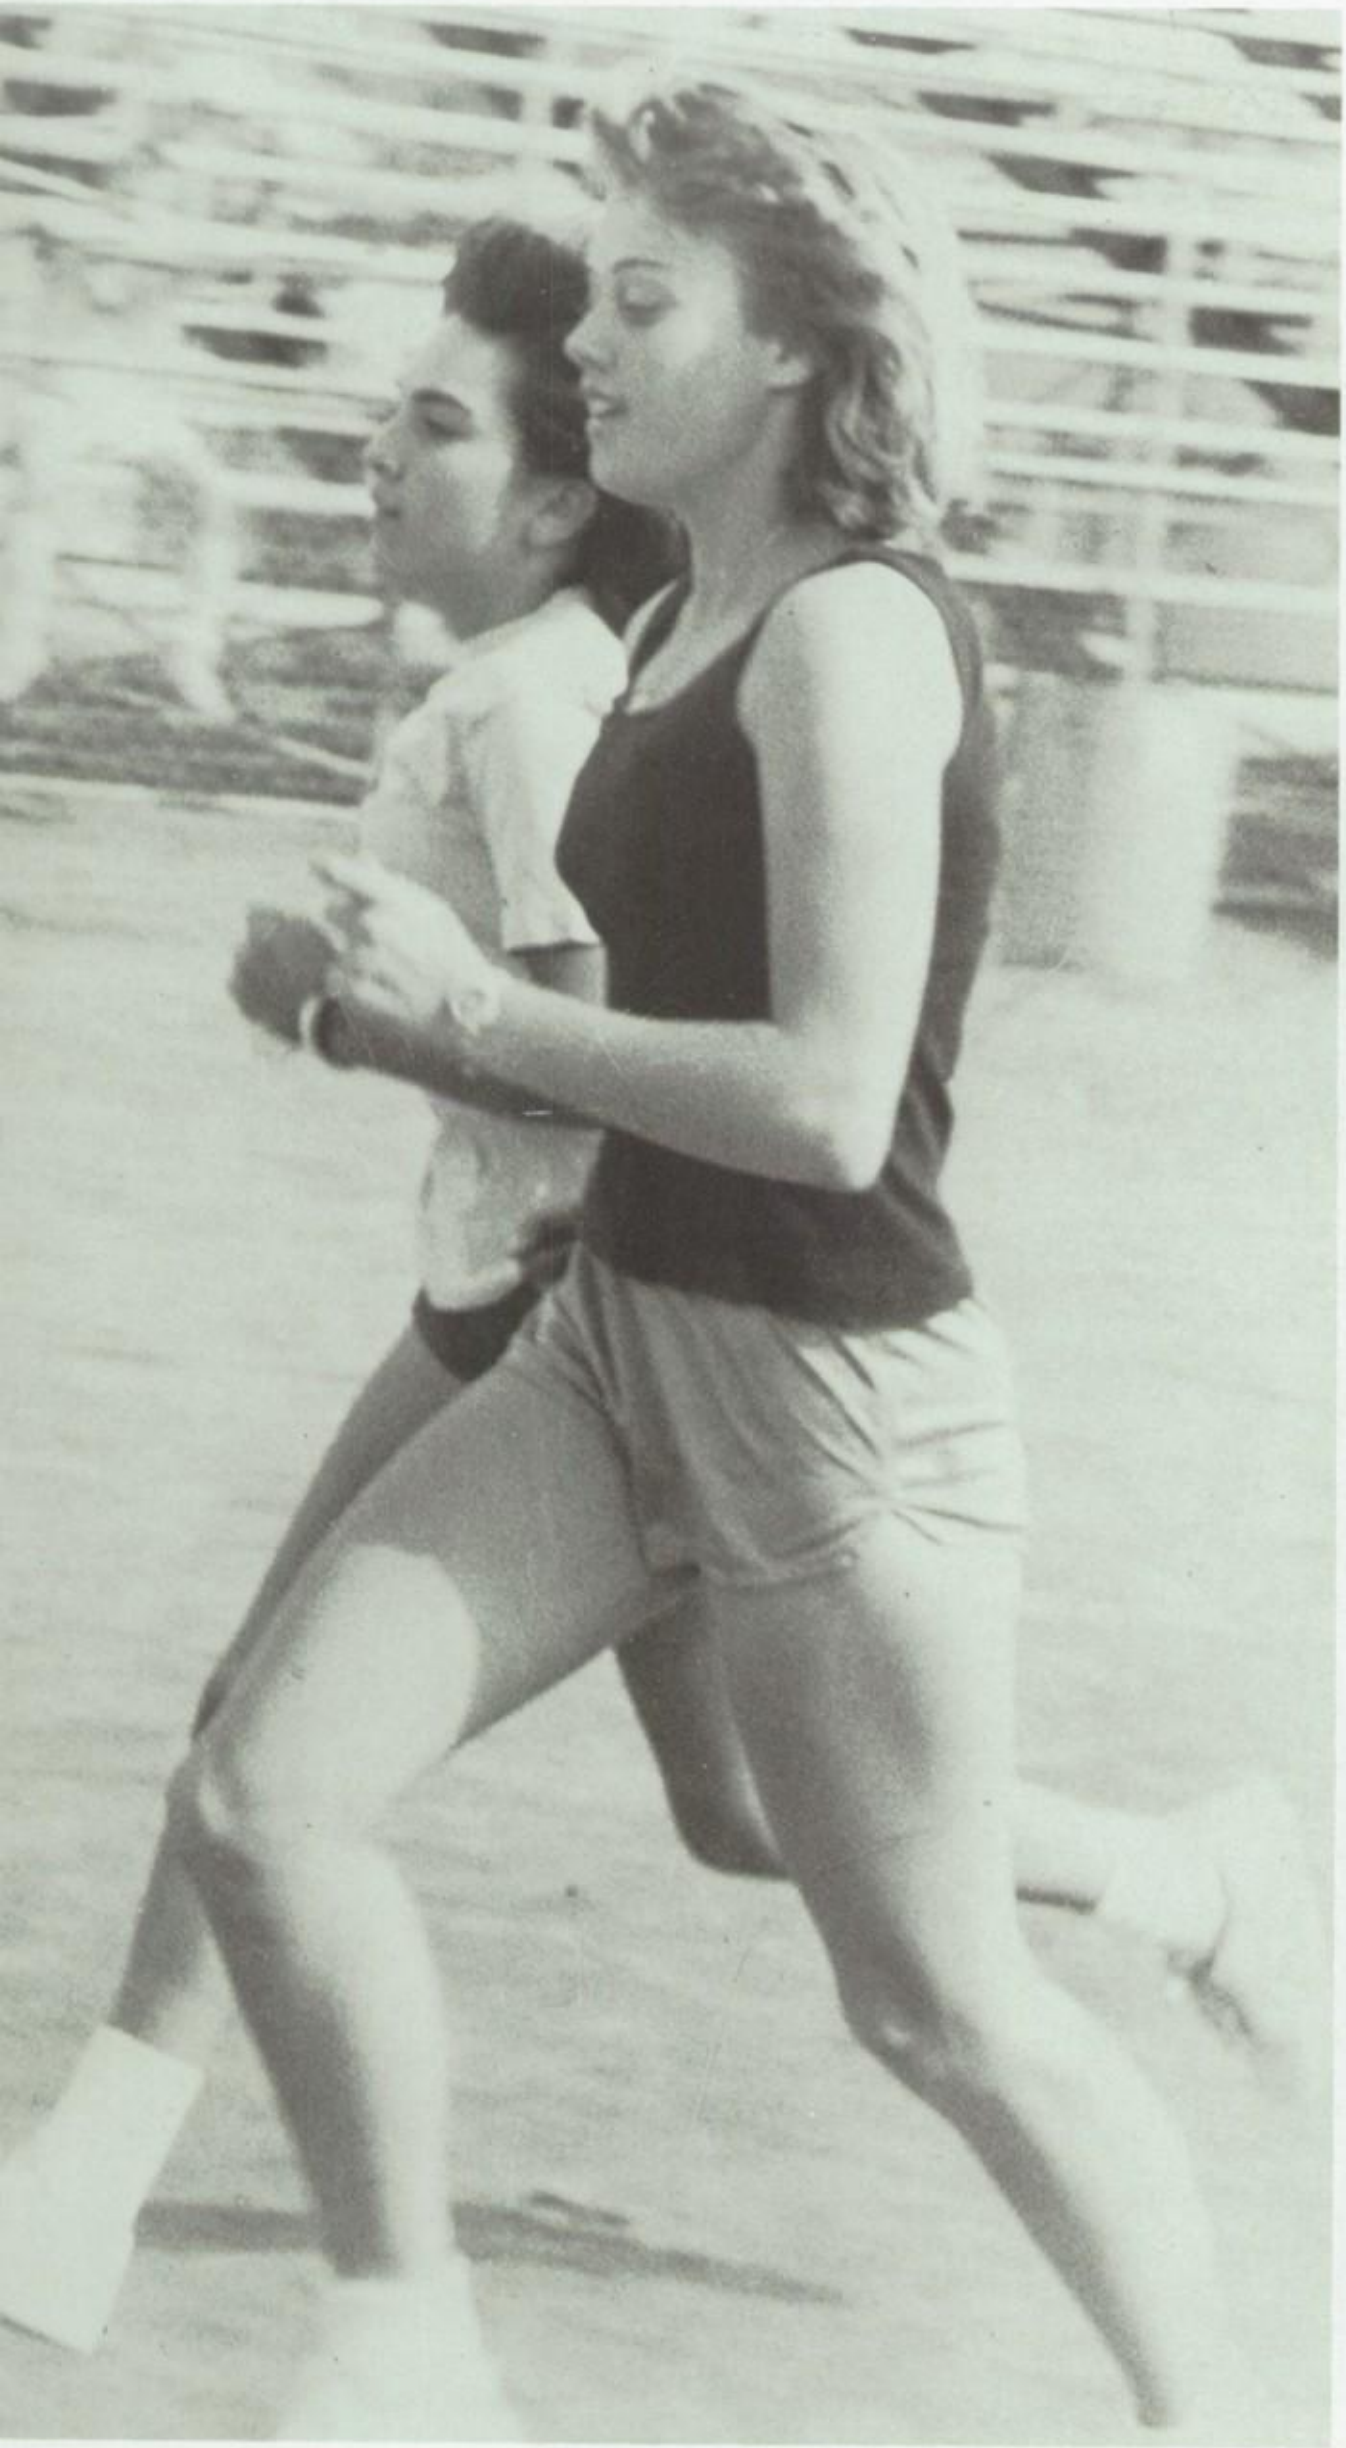
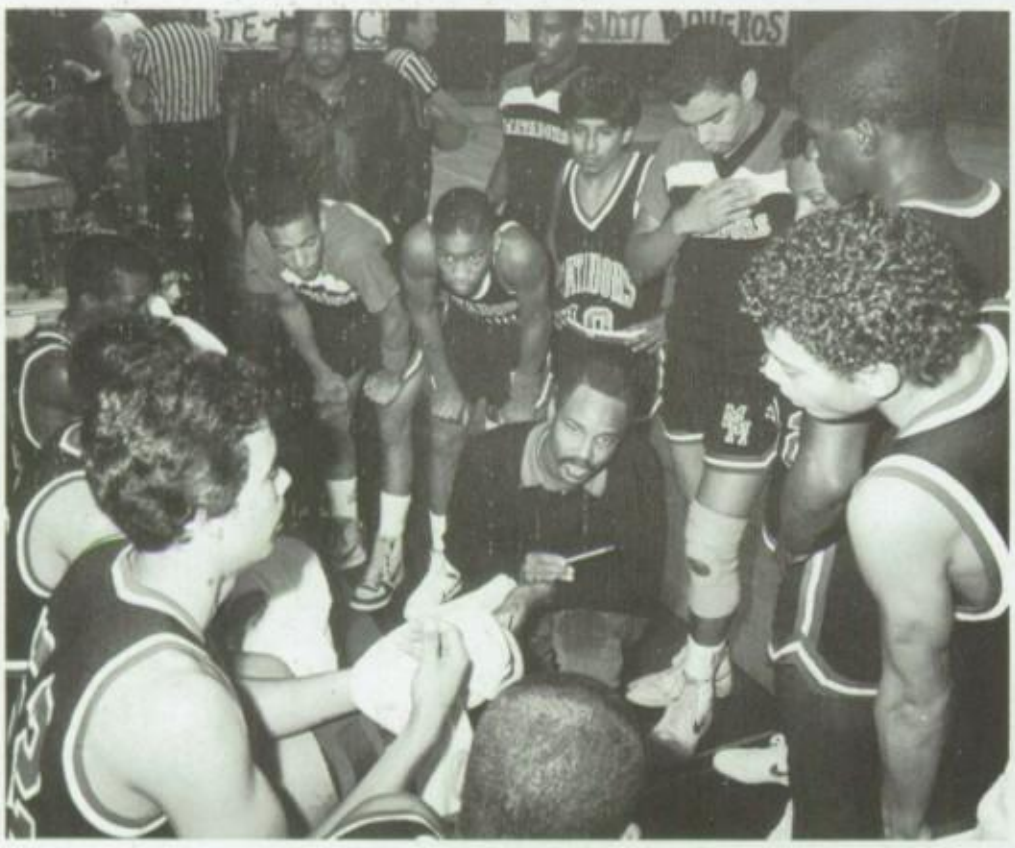
Junior, Geraldine Mann, runs hard to be first across the finish line.



Newcomers Lusanna Goldstein and Michelle Winn participate in the conditioning necessary to excel as a runner.

Mt. Miguel and Monte Vista stretch to take the lead at the Mt. Miguel Invitational. Runners from many schools participate in this important event.

With intense concentration, freshman Preston Buchanan struggles to meet his goals.



Haywood Mathis comes down with the rebound against his El Capitan opponent.

Determination shows on the face of Delfin Merlin as he takes the ball to the hoop.

The team listens intently as Coach Edge gives a few pointers.

VARSITY BOYS' BASKETBALL

Shooting to Be the Best

This year's varsity boys' basketball team was picked to win the Grossmont League Championship. With the efforts of eight returning players the challenge was met. This year's supreme court was led by veteran players Mike Flores, Gus Lopez, Delfin Merlan, and Chris Penman. Returning juniors included Haywood Mathis, Anthony Rivera, and Jerome Tonsing. Coach Edge had an abundant amount of talent to work with. Grueling tryouts and practices separated the good from the best. These Matadors had to overcome some difficult obstacles at the start but finished strong to give Mount Miguel another winning season. During games each player used their skills and abilities to outsmart the opponent. Agressiveness and endurance was what the team was made of. They always strived to do their best and that's all they needed to come out with the team's victory. Standout performances from Haywood Mathis, Chris Penman, and Anthony Rivera also contributed to the team's winning season. Every player showed his determination and dedication out on the court. Coach Edge really did a great job training and guiding these talented, young athletes. They knew that the only way to come out winners was by sticking together and having positive attitudes. Mount Miguel is very proud to have such a fine basketball team. Thanks guys, "Shooting to be the best" is exactly what you've accomplished!!

J.V. BOYS' BASKETBALL

"Shooting" for the Big Time

As Coach Davis says, discipline is one of the most important factors in a good, organized basketball team. This, along with courtesy and respect, is demanded by him from the players. All of these are given willingly by each team member.

If there is one thing everyone on the team agrees on, it's that Coach Davis is one terrific coach. Freshman player, Shannon LeFever, said, "He's probably the best coach in the league if not all of San Diego." Chris Whitehead called him "a player's coach," and Rudy Rodriguez said he is, "a great coach, a great man, and a great friend."

The entire team agrees that in the beginning they were very unorganized. With time, patience, practice, and tons of perseverance the work paid off and the team finally came together. Mike Kohler remembers that when coach first saw him, he was cut immediately; but after asking coach he got a chance to prove himself. "I thought my size might hold me back, but I've been able to use it as a weapon." It's this attitude of spirit and dedication that has helped the team unite so well.

When asked if he could site any outstanding players Coach Davis replied, "They are all standout players, each and every one of them."

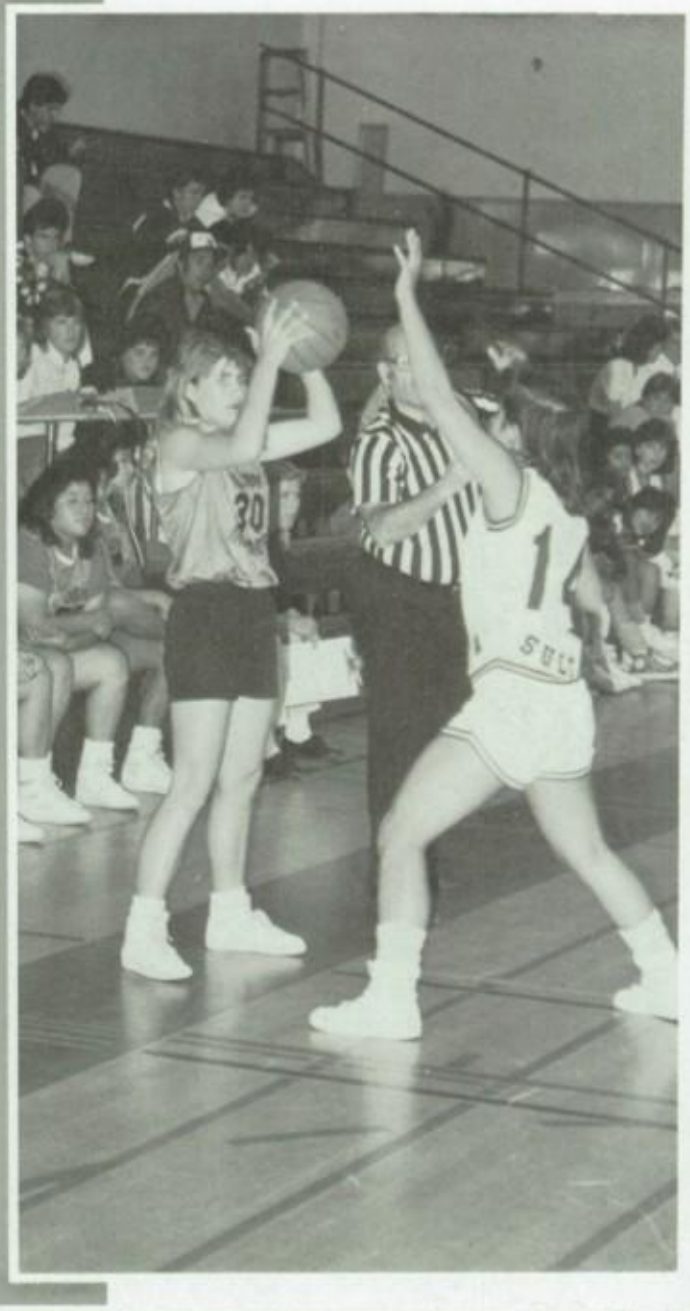
J.V. GIRLS' BASKETBALL

Jammin' for Two

Basketball — noun; A team game played on a floor with a raised basket on either end through which an inflated ball must be tossed. Doesn't seem that difficult does it? Well, as a matter of fact, it takes a lot of skill and practice to get that ball into the basket. These girls have worked hard to get that skill. You also need to know the rules of the game, and how to play it right.

That's where Coach Sue Stinchcomb came in. She's been coaching Basketball for seven years, and this year was her third year at Mount Miguel. She was there to give them a pep talk before every game (the team's spirit was overwhelming!), and to do what her title says — coach! With fifteen new girls and one returning player from last year's championship team, she quotes, "The girls' J.V. team is young but talented. What we lack in speed and height we more than make up for with intelligence and hustle."

Leading the J.V. Lady Matadors were the top three players — Ronda Moore (9th), Jolinda Bones (9th), and Jennifer Munoz (10th). These girls and the team worked hard to get where they wanted to get — the top. All they needed was that team spirit, hard work, practice, and comradeship — to help them get through that successful season.



Center — Coach Sue Stinchcomb. *L-R* — Christina Garcia, Allison Dorman, Anita Fortney, Latasha Roberts, Josie San Nicholas, Salinda Gray, Jolinda Bone, Alycia Keator, Rhonda Moore, Dona Bruner, Staci Dawson, Sylvia Ramos, Melissa Martinez, Chrissy Anderson, Jennifer Munoz, Lori Garciz, Kris Kowalow.

Chrissy Anderson looks for another JV Lady Matador to get that ball to the basket.

Lattasha Roberts tosses the ball to a team member to receive an extra two points.

Proving that girls are not always so easy to push around, Salinda Gray hustles her way to the basket.

Comradery helped the JV Lady Matadors pave their way to the top.

Marla Swanson goes for a lay-up while an opponent tries to stop her.

Tonya Chamberlain attempts to block a pass about to be made by a Granite Hills player.

VARSITY GIRLS' BASKETBALL

To the Hoop

When you see a basketball game being played it seems an easy sport. Guess what guys and gals? It is not, believe me.

A lot of hard hours are put into use during practice. The Lady Matadors worked from 2:45 p.m. to 6:00 p.m. on schooldays, saturdays for two hours, plus a little extra before tournaments and on holidays.

"This year's team has the potential to be the finest team in the history of Mt. Miguel. Only three returning players are back so overall we are a young inexperienced team," said third year coach Sewell Dunton.

With the help of Marla Swanson and Charmelle Green, the returning all league players who are among the counties leading scorers. They are there along with Coach Dunton to help out the others.

When asked how he inspired the team Dunton replied, "I challenged them to play up to their full potential. Never give up in a game or let your teammates down." This philosophy was carried throughout the season and helped them to succeed.

Overall game records the Lady Matadors were a tough team to beat. They gave the opposing team a hard competitive shot at seeing who was the best. The 1986-1987 girls' basketball team will be always remembered throughout the remaining years. Lots of luck to the future basketball players. Lady Matadors, thanks for the memories.

Team captain Michael Codina makes his way down the field.

Gabe Rogers uses his head while Chris Sothras looks on.

Goalie Mark Gonzales successfully defends the Matador goal.

Although they got off to a slow start, this year's boys' soccer team was one of the best teams ever. With twenty-four players, the largest squad in a long time, Coach Jim Healey and assistant Coach Fred Dodge encouraged the players to go for the goal. With team captain Michael Codina, and strong players such as Chuy Alverez, Joe Garrido, and freshman Mark Gonzales, the team was able to play a strong season. With the inspiration of a new coach, the team was hard working and ready to win.

GIRLS' SOCCER

Goals for Success

The girls' soccer team was off to a great start. With positive attitudes and high spirits the team members looked forward to a great season. With the coaching of Maria Zinsli the team learned more skills and fundamentals to defeat the opponent. They spent long, hard hours after school practicing to improve their strength and abilities. During matches each girl strived to do her best. Their determination to win was very high and by working together as a team they always came out to be winners. Even when things weren't looking too good, they always kept their heads up high. "We always give it everything we've got, we're too proud to just give up," commented one team member. Soccer takes a lot of skills. You need speed, balance, and endurance to do a good job. Every member of the team achieved these skills. They worked together to combine their abilities to come out with the team's victory. Outside of just being teammates, the girl's were friends just as well. They were always able to turn to each other for help and comfort. It took communication as well as talent to develop into a number one team. The team also felt this way towards the coach. They knew she would always provide the guidance and support when needed. Mt. Miguel was proud to have such a winning and spirited team. Each girl had the potential and dedication to get to the top. Through self-discipline and contribution they achieved their goals. Congratulations girls on a job well done. You have surely made your "goals for success!!"

Quick movements and sharp eyesight made it possible to make goals.

Aggressiveness and endurance was always shown out on the field.

Long hours of practice really payed off to become the best.

Being able to maneuver the ball away from the opponent is a necessary skill to have.

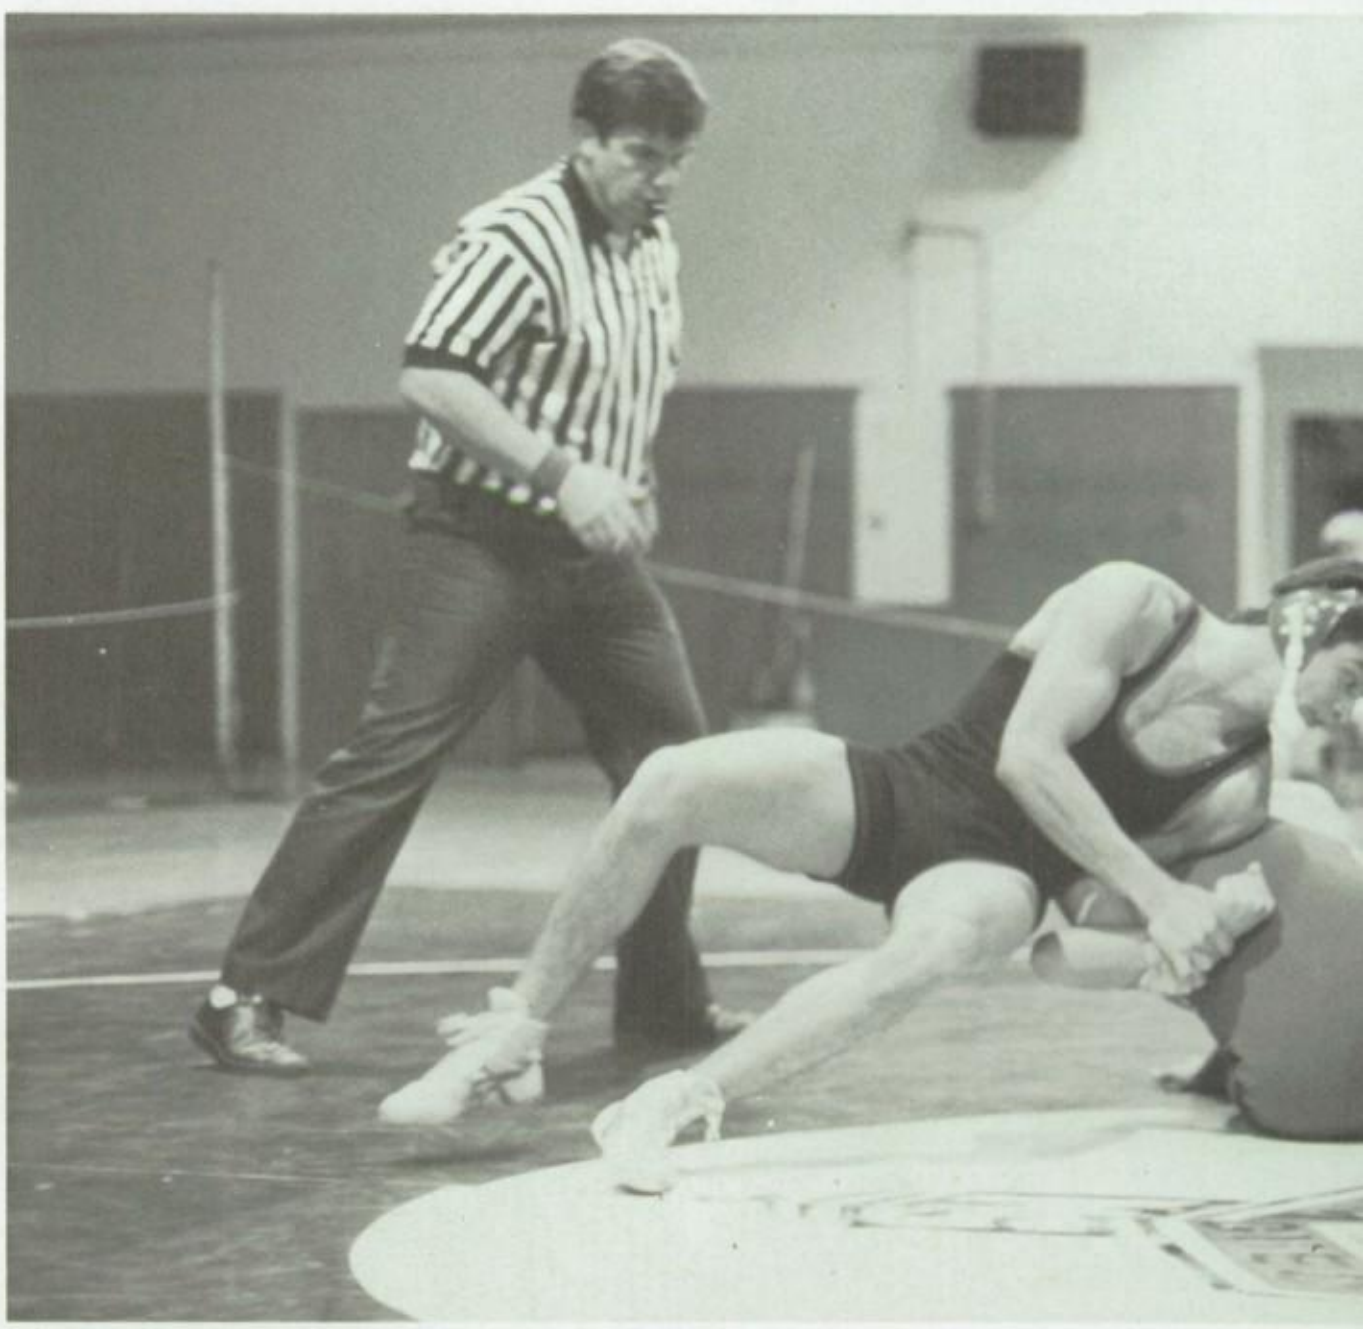
VARSITY WRESTLING

Pins for a Crown

Front Row — Ast. Coach Jon Millum, Billy Ray, Tom Schaeffer, Jason Fisher, Dan O'Neil, Tin Ngyuen, Mike Valentine. *Back Row* — Tim Fletcher, Chris Trussell, Dwayne Buth, Brian Millum, Manny Diaz-Conti, Steve Gonzales, Ted Lindsey, Carlos Albeito, Erik Stottlemyer, Coach Russ Kusumoto.

Senior Mike Valentine attempts to trip up and flip over an opponent.

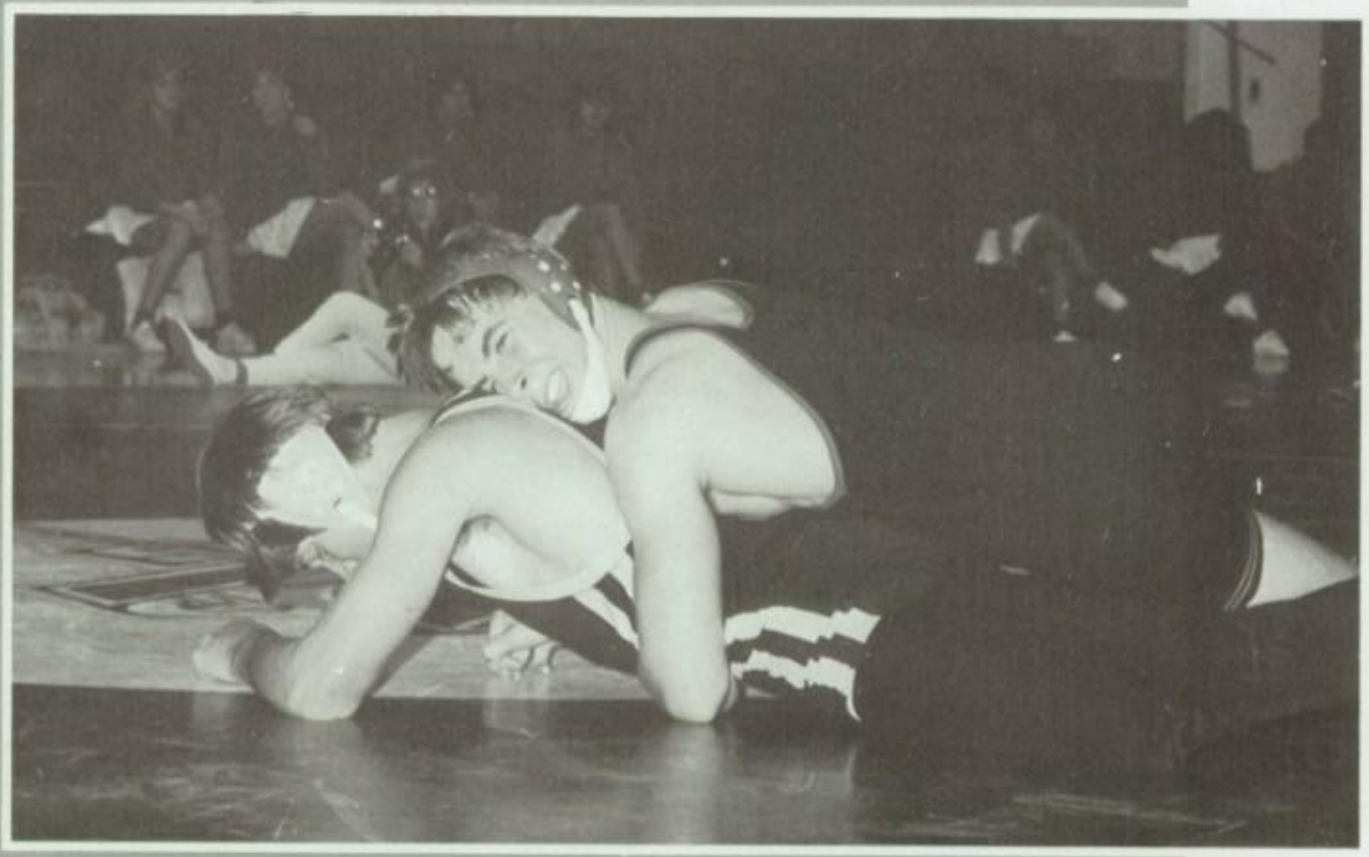
Top-ranked Manny Diaz-Conti gets his man in a hammer-lock in prelude to a Full Nelson for the pin.

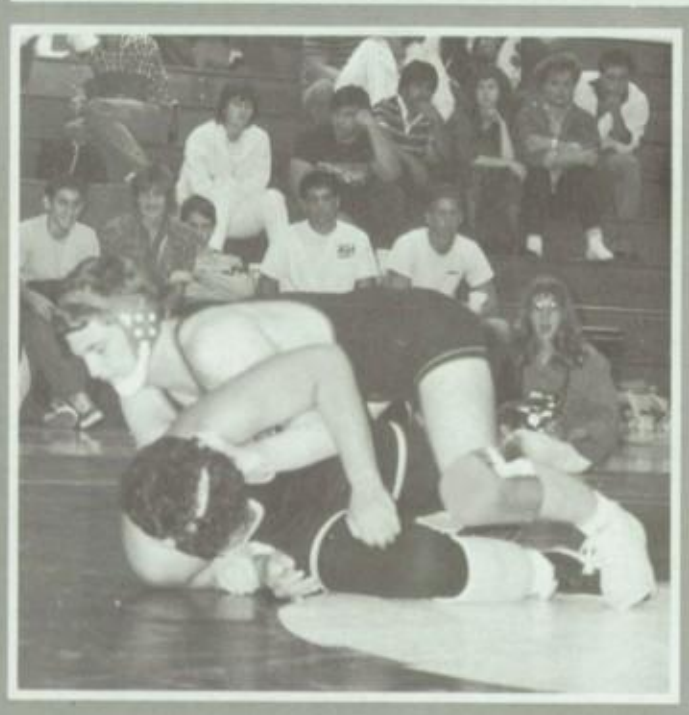


Coach Russ Kusumoto shouts words of advice and encouragement from the sidelines.

Sophomore Dwayne Buth grits his teeth with a determination to pin his so-called "fish."

Maneuvering to push his opponent's shoulders onto the mat is senior Smokey Trussell.





Once again, the varsity wrestling team had a very successful season. Coming off of a 3A C.I.F. finals win last year, the team had almost a repeat performance. Every Thursday, a team would come from another school with aspirations of beating the Mighty Matadors, but it was to no avail.

The team was led by Russ Kusumoto and assistant coach, Jon Millum. They put the wrestlers through very intensive practices, but it was all for the good of the team. Running 220's, lifting weights, and having challenge matches were all part of these wrestler's after school lives.

An all star lineup included seniors Mike Valentine, Manny Diaz-Conti, Chris "Smokey" Trussell, and Brian Millum, juniors Erik Stottlemyer, Tom Schaeffer and Tin Ngyuen. Outstanding sophomores were Dwayne Buth and Jason Fisher.

A lot of sweat, tears, and pain, and hard work went into making this season the greatest ever. The tradition of a fine wrestling team will go on forever at Mount Miguel. Congratulations to all these fine young men.

J.V. WRESTLING

Striving to Be on Top

Team spirit and determination are two essential qualities that make up a winning team. This year the j.v. boys' wrestling team was more spirited than ever to kick off to a great season. With the coaching of Russ Kusumoto, team members improved their skills and worked as hard as they could. They learned moves such as the "Cradle," and "Half-Nelson," the "Escape," and how to go for the "pin." With these skills in mind during matches, the team used them to lead themselves to victory. Behind these wrestling matches lied dedication, pride, and hours of hard-earned practice. Perfection is what each team member strived for. Together they set their goals and together they accomplished them. Some new members didn't have a lot of experience in the beginning, but soon enough they were able to catch on and become just as good as the other wrestlers. The team had the potential to get to the top. Mount Miguel was proud to have such a confident and successful team.

VARSITY BASEBALL

A Winning Team

This year's varsity baseball team had great prospects. Try-outs were held on February 23rd to the 28th with practice starting on March 2nd to the 7th. The team was then picked on March 6th, and the result was the Matador Varsity Baseball team.

Most of the team was inexperienced. But the young team was influenced by some of the returning Varsity lettermen: Raul Ramalho, Rick Ayala, Delfin Merlan, Anthony Garnica and Jay Jay Ludlow. It was a well-balanced team with great potential. The experience of Coach Michael Trigs lifted them to high expectations. The team's goal was to develop a level of performance. They wanted to successfully accomplish and to maintain a winning attitude from personal satisfaction in achievement.

"We surprised a lot of people," Rick Ayala commented. Great dedication to work harder showed in his ability, as well as his teammates, to play a good game. The varsity baseball team was not just a team that played ball, but a team that showed what hard work can accomplish. That's what made this team a "winning team."

J.V. BASEBALL
Hitting the Big Time

This year's J.V. baseball team began the season being very young and inexperienced as it was composed mostly of Freshman players. Only through many hours of hard work did the individual players finally come together to form a team.

The "team" attitude helped the players through the course of the season. This was reflected by each of the team members and especially their coach, Bruce Schlaich. His reinforcement of it contributed greatly to the crucial teamwork aspect of the game. When interviewed, all of players agreed that Coach Schlaich was, as one put it, "a really good coach because he knows what he's doing and he cares."

Coach's outlook at the beginning of the season was pretty good. He said, "if we can pull ourselves together we can have a good season." To accomplish this task he was depending on veteran pitchers Ulises Nuñez, Rick Waite, and Dominic Camacho. He felt that if the team developed a good defense the pitching would take care of the rest. "In the first part of the season a good defense and pitching are the keys to winning. If you can keep your opponents from scoring much, you only have to get just enough runs to win."

With this year's successful season under his belt, Coach Schlaich is looking forward to next year. Looks as if the team hit the big time this year.

J.V. GIRLS' SOFTBALL
STRIKES!

This year's J.V. Softball team started out with a new member. Probably the most important, the coach. Her name is Landra Harris. This is her first year coaching the Mount Miguel softball coach.

With many returning players the team is a good prospect for the J.V. League title. With three strong players, Christime Garcia, Jennifer Munoz, and Cindy Olivo the team should be a strong contender.

On the field they practice their batting, throwing, pitching, and outfielding to make their weak points to become their strong points. Encouraging each other on as teammates they work together as a team. Each player has her own strong ability to add and they synchronize as one. The girls' are to be very strong. A hard team to contend with. The softball girls will play to defend the title of champions.

VARSITY GIRLS' SOFTBALL

Swinging Into Action

With Coach Carol Oftendahl leading the way again this year for the Varsity Girls' softball team, they were bound to play a great season. With her many years of experience, Coach Oftendahl was able to continue teaching the girls the fundamentals as well as the leadership qualities they needed to work together as a team towards a winning season.

Try-outs began on Monday, February twenty-third, and final cuts were made the following Friday. Practices were held daily from 2:45 to about 5:00 p.m., and the girls also had weight training two days a week to help keep in shape.

The Varsity Girls' softball team ended with a great season, thanks to their hard work and dedication.

BOYS' TRACK

Running Away With the Crown

"On your mark! Get set! Bang!" The sound of the starter gun sprang the runners into action. Down the straight away they ran, each one straining and striving with every step to get ahead. As the tape neared, all leaned forward for that extra edge, and then, the race was over. This was a typical occurrence in the life of a runner on the exceptional boys' track team.

Having a strong boys' track team just seems to come naturally to Mount Miguel. Last year, they finished second in the Grossmont league, and were seeded first in the league for this season. The junior varsity team was also high up in the standings. To achieve these goals, many hard and grueling practices were held each week. Come rain or shine, the track members could always be seen doing laps, throwing a discus, or hurling their bodies in the air with a pole. Extensive warm-ups were essential to a good performance, as were a winning attitude, and strong commitment.

A few of the members who really exemplified the above qualities were senior Pat Higuera, juniors Kevin Jones, Joel Gumbayan, Frank Davis, Haywood Mathis, and Brian Belchamber.

The team did very well overall, and sent several representatives to the C.I.F. finals as a tribute to their fine program.

A key person on the weight team was junior Domingo Hallare. He inspired fellow members to perform exceptionally well.

Varsity pole-vaulter Brian Belchamber hurls his body high into the air with the ease and skill acquired from two years of experience.

Senior Pat Higuera holds several school records in both track and cross-country. Running with him is Mark Senior, a promising new comer.

Sophomore Drew Davis trains with an attitude to make himself the best he can be. This is why he is a special asset to the junior varsity team.

GIRLS' TRACK

Lightening Fast Ladies

Not just anyone could make it on the girls' track team. It takes someone with the determination to win to be able to get through the many hours of pain and sweat.

This year they added many new girls with a lot of talent to the team. They also had many good returning runners.

The girls practiced every day from 2:45 until at least 4:00. They could be seen running around the track, down the street, in the halls when it rained, or jumping in the pits. Debbie Brown practiced very hard throwing the shot put and had many wins.

The season was exciting for everyone. They came out with many wins in both league meets and invitationals. Four girls who helped carry the team through the season were Geraldine Mann, Kim Loyd, Jackie Anderson, and Shawny Mae Bearden.

VARSITY BOYS' SWIM

A Stroke Above the Rest

Splash! Splash! Splash! The familiar sound to the members of the varsity boys' swim team. Endless hours of practice to improve their skills took place early in the morning as well as late in the afternoon. Strenuous workouts were required to improve their breaststroke, backstroke, butterfly, freestyle, and sprints to perfection. The team members' hard work and dedication were very rewarding. With numerous victories, the swim team held a proud attitude towards the team itself and the school. Brian Wilbur, was not only the coach for the team, he was a friend as well. He guided the team with all the support they needed. By sticking together, the team always came out winners. The boys each devoted their time to help make the team one step higher than just good. They strived for "excellence." The team was full of experienced swimmers. Many were returning varsity swimmers from last year. Many of the team members were also on the water polo team. We owe a lot of gratitude to the team for ending up with a great and satisfying season.

Curt Zaske happily swims his practice laps.

The junior varsity boys' swim team dived into their season with great enthusiasm and hopes for the upcoming competitions. The team's abilities ranged from diving to swimming at speeds that would make most of us gasp in admiration. After improving their minds at school, the members of the j.v. team splashed around in the pool with their usual twenty lap warm-up.

When asked what he thought of the practice conditions, Lawrence Grafstein commented, "I thought it was pretty cool, but it was sure wet!"

Spending long, hard, "wet" hours in the pool didn't seem to dim the team's enthusiasm in the least, but only made them more determined to compete with the best.

With winning strokes, the junior varsity boys' swim team swam their way to the top, washing their dripping opponents away in a wave of Mount Miguel spirit and pride.

The team went in fine colors this year, but they already have ideas about making a bigger and better j.v. boys' swim next season.

Good luck!

Chrissy Levi catches her breath as she takes a break from practice.

The J.V. team, led by returning coach Amanda Crouch, had an exciting and rewarding season. They started off the year with a grueling meet against the Granite Hills Eagles and finished out the season with the league championships. The J.V. swimmers also participated in the Novice Meet, which is for the first-time swimmers in the district.

Made up of freshmen and sophomores, and a few juniors, these new swimmers worked hard to perfect their strokes and decrease their times. The team practiced every day after school from 2 to 2½ hours. Night practices were also held in preparation for meets. Most of the meets took place on Thursday afternoons. "We had a lot of fun just being together," quoted team captain Debbie Brown, and the team let their pride show.

VARSITY GIRLS' SWIM

Swimmers on the Move!

This year's Mt. Miguel Girls' Swim team was made up of a lot of dedicated teamsters. They were hard working swimmers who had to meet a lot of requirements such as the tedious workouts Mrs. Liechty prepared for the team. They had to be in tip-top shape in order to compete and hold up to those Mt. Miguel standards.

The schedules were also very tight. They worked from 3:30 to 4:30 on Mondays and Wednesdays, and from 4:30 to 6:30 on Tuesdays and Fridays.

The workouts that Coach Liechty prepared for them was sort of a prep for the team before they began their swimming. Most of the girls on the team were already experienced competitors, specializing in the breast-stroke and free-styles. This year's Varsity Team wasn't "splish-splashing" around in the pool, they were working!

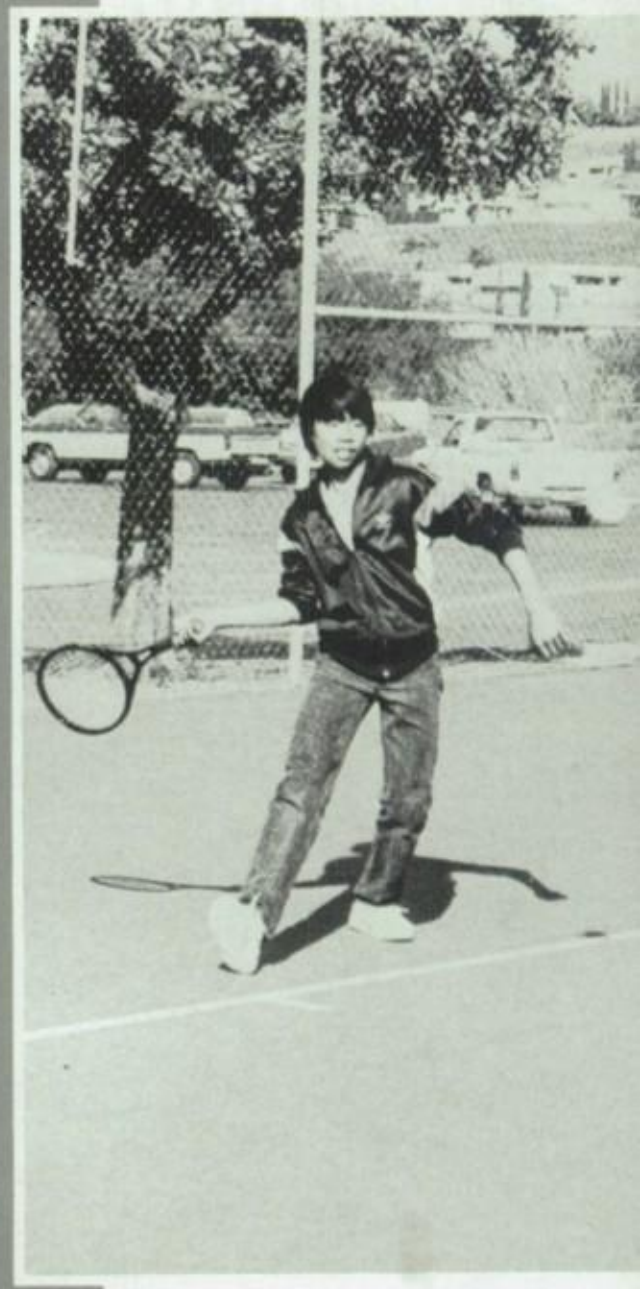
VARSITY BOYS' TENNIS

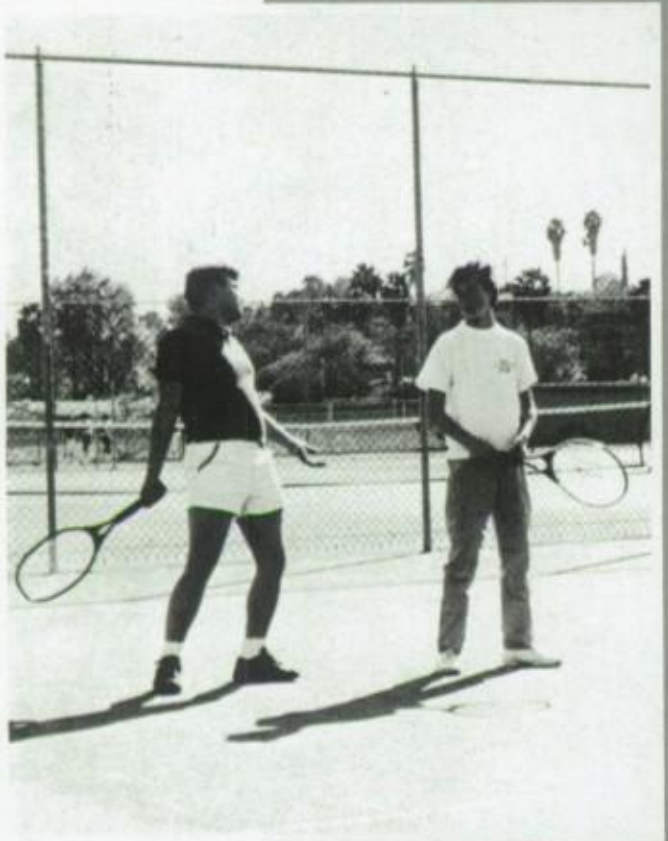
Swinging in the Right Direction

What do you think of when you hear of tennis? Do you imagine a furry light green tennis ball with a tightly strung racket being swung around or do you imagine a game that requires grueling strength and determination? Out on the green and red tennis courts, Mount Miguel's varsity boys' tennis team learned both mental and physical skills such as strength and determination, needed to give Mount Miguel the competitive edge.

The new coach of the tennis team, Frankie Moreno, taught both junior varsity and varsity tennis. With his experience and expertise, Coach Moreno brushed up some of the players' skill and made sure that all players were in "tip-top" condition. Through drills and workouts, accuracy in forehands, backhands, and serves were improved. Emotional drills taught the team members the determination and the positive attitude to swing toward victory.

Tennis is more than a team sport. It gives the individual personal skill plus the feeling of satisfaction that he helped team with his efforts. Junior Art Castillo summed it all up, "All the hard work and practice paid off to make the season great."





Control demonstrated by Jay Damasco, is essential to success in tennis.

J.V. BOYS' TENNIS

A Master Stroke

The Mount Miguel High School tennis player anxiously awaited for the ball that was about to be served by the opponent. The ball was served with skillful expertise to the other side of the green and red tennis court. He returned the ball with a perfect forehand. The yellow object is returned again and finally his last hit slam the tennis ball down the line. At last the point was won.

While watching this kind of act on this year the Junior Varsity tennis team learned new strategies and techniques to make their own game more successful.

The team practiced everyday after school until three or four o'clock in the afternoon. These practices not only helped them to improve their strokes, it also helped them to learn the rules of the game, while giving them a better understanding of the game.

This year the team was fortunate to have the guidance of Frankie Moreno. Coach Moreno was once on the Mount Miguel tennis team. He was also one of the members of the CIF doubles team. With the help of this champion, the Junior Varsity tennis team found the way to success.

J.V. GIRLS' TENNIS

Not Playing for "Love"

The junior varsity tennis team started the season with high hopes and spirits for their upcoming games. It took a lot of practice and determination from the players and Coach Sally Kraska, to win.

Considering that most of the J.V. players had just started playing on the team, they did exceptionally well during their season. El Cajon, they thought, was the easiest game, but Monte Vista, unfortunately, was the hardest competition for them.

In general, J.V. Tennis is not all competition. It was also immense fun. When asked what she thought of the team, ninth grader Norma Alonzo replied, "Well, gosh darn! It was tons more fun than I expected!" Asking for Mrs. Kraska's opinion about the team, she replied, "This is the nicest group of girls that I have ever taught tennis to! They are really self-motivated and it was a great pleasure to have worked with them."

Summing it up for J.V. Tennis, Shannon Blas stated "It was a real blast this year and I can't wait till the next season!"

VARSITY GIRLS' TENNIS

Anyone for Tennis?

The tennis season was a lot of fun for the Varsity Tennis team. Even though it was a 'building' year because they had only five of their past players, Coach Kraska said, "They really tried hardest to improve as the year went by."

Joanna Morawiecki was our #1 player. She had a daily 2 hour practice along with her other team members. Both Darlene Carnaje, our #2 player, and Joanna Morawiecki made it to the League Finals, and will probably be very successful in the years to come.

It was a tough year and it required a lot of practice, but the results proved that it was all worth the hard work. Coach Kraska also felt that this year's Varsity Tennis team was one of her best because they always tried their hardest, and were ready for anything.

A lot of people may not think of it as a very interesting sport, but if they'd take the time to learn how to play and even win, I'm sure they'd really enjoy it. "Tennis requires a lot of hard work, but it's a fun game which can be played by anyone their entire life," says Mrs. Sally Kraska.

VARSITY AND J.V. GYMNASTICS

Spring Into Action

Laura Willis shows the gracefulness required in performing floor routines.

Gymnastic assistance coach was Jayne Trcka and the coach was Kathie Johnson.

Margaret Faulkner has the ability to do a walk-over due to her upper strength and coordination.

Being involved in gymnastics takes a great amount of motivation to endure the strenuous practices and work outs. The practices were very lengthy. Gymnastic practices were held daily from 3:00 to 5:30 p.m. and on weekends. A lot of time and effort were put into practicing and perfecting routines on the vault, the balance beam, the uneven bars, and on "the floor." In gymnastics J.V. and Varsity have a set of routines that are already made up for them, which are known as compulsary routines. In varsity optional the gymnasts were responsible for making up her own routines. The gymnastics coach is Kathie Johnson, who has been coaching gymnastics for the last six years. She has given her gymnasts much support and reassurance, especially when gymnasts are learning new stunts. "It takes a lot of time to get over the fear of learning a new stunt. But once you get it, it isn't so scary," Tammy Schaefer admitted. When it comes to competitions and tournaments the coach and the team are very supportive of one another. Gymnastics can be used as a helpful skill for many girls. Some girls just mainly want to keep in shape by being involved in gymnastics. Others, for instance, are interested in gymnastics to become more flexible and agile. To provide interest in gymnastics the team performs their routines annually. They gave their best throughout all six periods during that day, which can be very exhausting. "Gymnastics is a very demanding sport. It requires hours of practice and strong concentration. One goof and you can be fatally injured," Margaret Faulkner explained.

JUNIORS

unior Class Officers: President Sally Turla· V·· President Eden Estepa; Secretary Inez Vallejo and Treasurer Colleen McNish.

The class advisor for the junior class was Mrs. Roxie Edler.

JUNIORS

One More Big Step

"Fund Raisers," remember, the "Caramellos, M&M's and Reese's," it was well worth it for the upcoming year. We have Mrs. Edler to be grateful for. She gave a great deal of her time to the junior class to get us prepared for our financial differences in our senior year. Of course, without the help of our junior class officers: President Sally Turla; Vice President Eden Estepa; Secretary Inez Vallejo; Treasurer Colleen McNish the class of '88 would have never been notified, updated or organized. One of the objectives of the junior class was to be in second place in the Homecoming floats which we accomplished successfully. But for the many juniors it was to have better, sustaining grades throughout the year. For instance 'S'-ing in Chemistry with those mind boggling formulas, and who could forget those daily tests in U.S. History. But to the most of us it will be the year to remember the times of going through the sleepless nights, endless school days, and most of all the short weekends.

Rosalie Ramos: The Shining Voice

Rosalie Ramos belongs to the Church of Christ choir. Rosalie joined the choir at the age of eleven. Her friends joined choir which brought them all back together again. "Praise Almighty God", "Dosology", "They Were All Servants Whom," are some of the hymns sang in the choir. There are two different forms of choir: Senior and Junior Choir. Each one of the choirs differentiates by amount of responsibility it offers. Rosalie, 16, belongs to the Junior Choir which ages run from 14 to 18. Rosalie states that Junior Choir is very strict and takes a lot of dedication. Timi Papa, the Junior Choir instructor, gives time and effort to groom the choirs' voice every once a week on Saturdays. To warm up their voices they sing from a variety of different tones such as Tener, second Soprano and Base. As Rosalie quotes, "Being in the Church of Christ Choir the voice doesn't really matter just as long as your heart is in it." But besides just singing with the Junior choir they also participate with other church activities such as sports which is just as an equivalent to choir.

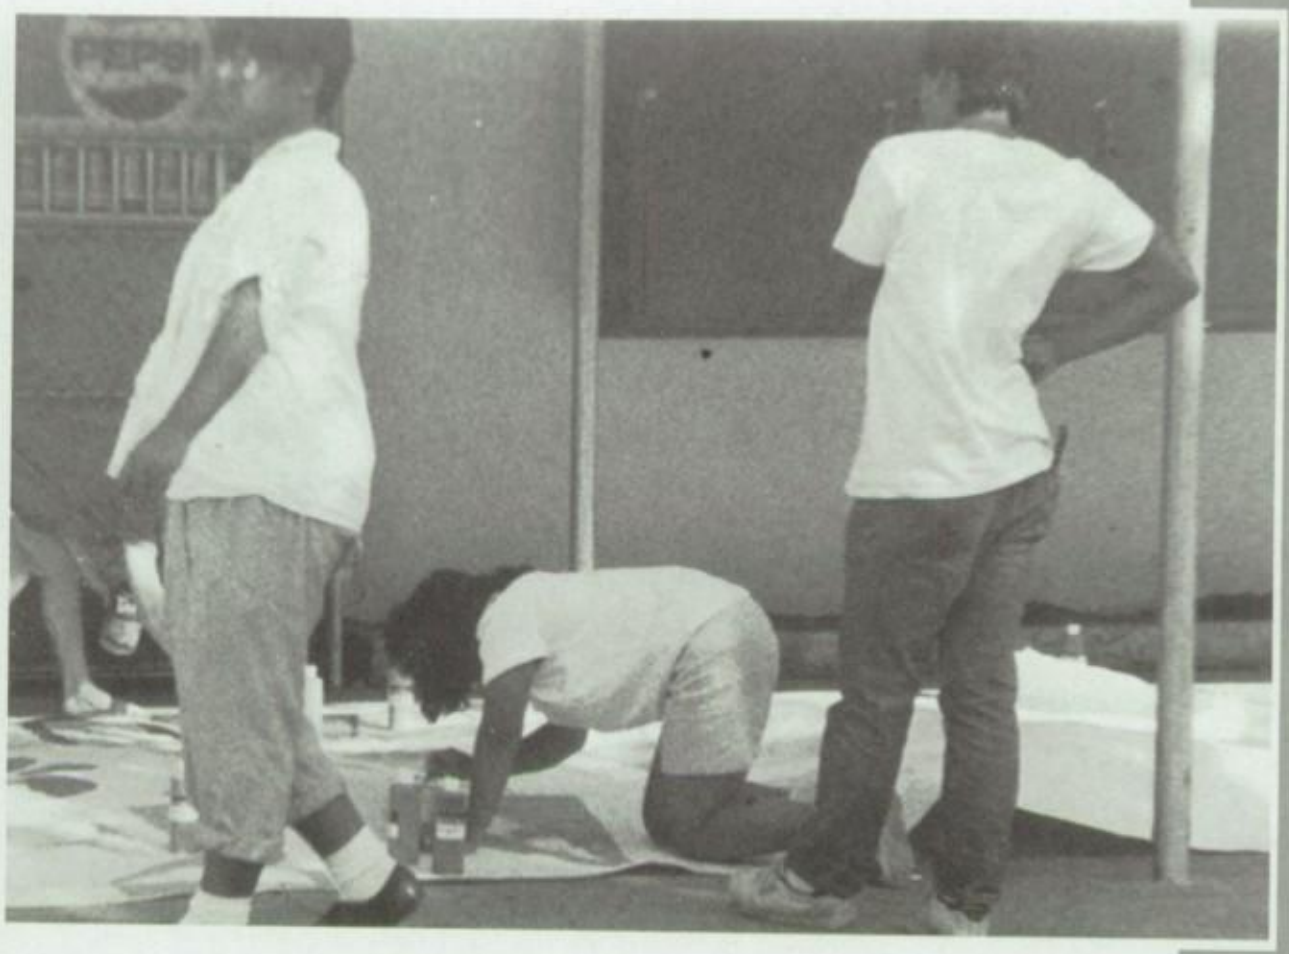
Erick Alexander: An Olympic Hopeful

Ever wondered about the Olympics? Eric Alexander has. One of the young and future Olympic hopeful's of our generation. Eric, 16, went to a Olympic Training Camp to improve his techniques in Track and Field. The Olympic Training Camp consisted of coaches and even former Olympians, which helped improve some of the athletes mistakes. As Eric trained at the Olympic training camp, he learned how to improve on his form and on his timing. The coaches showed what Eric was doing wrong and what has to be done right. To be involved with the Olympic Training Camp you don't have to be picked only to be interested. Eric found out from a track coach at the University of Virginia, Mr. Davis. All it took was a simple phone call to be in OTC. Eric's goals mainly involve Track and Field which is to be in the '92 Olympics and to become the best track runner.



Togetherness and friendship comes easy between Lisa Austin and Shannon Spisack.

Lori Basmayor: One of the Samahan Dancers

Lori Basmayor, 16 years old, is involved with the Samaha Dance Company. Samahan (which means togetherness), wa started out as a part of the youth program of "Operatio Samahan" of the Council of Pilipino-American Organizations o San Diego County. Dancers, like Lori, were drawn from are high schools, colleges and universities. Through Samahan th students learned how to dance ethnic Filipino folk dances. Th purpose of Samahan was to help Americans of Filipino descen to develop pride of their cultural heritage.

In order to become a senior dancer, like Lori, you must g through training and be an apprentice for one year, and durin that year you are a considered a junior dancer. This is a sam policy for everyone. While being a senior dancer, she also com mits herself to teach kids and parents as well.

Samahan allows Lori to travel to different places to perform It is very beneficial to the Filipino community to have such great dancer like Lori Basmayor in Samahan. Good luck Lori!

Kim Kostos:
The Taekwondo Instructor

As one of Kim Kostos many activities she has been an instructor of Taekwondo for 5 consecutive years at La Mesa Taekwondo. Taekwondo is an art that originated in Korea which is a style of defense like Karate. Her mother started her in Taekwondo by just signing her in for an hour. It takes a tremondous amount of effort and training to be in this art form. Kim Kostos' daily training consists of taking a session of Taekwondo for an hour. Then training and exercising for another two hours. This develops Kim to become a better and stronger instructor. "It takes a lot of patience to teach the students especially the younger ones," explains Kim. To become a instructor you must become certified at a specified camp. Kim went to a instructor training at Camp Virginia. "It was difficult and rigorous," Kim says. The training took an immense amount of running and exercising. The training ended with a physical and written test, if passed, the student becomes a certified instructor which Kim achieved. Next year the camp will be held in Korea which Kim is surely going to go to instruct the new incoming students.

Dive In

The Sophomore Class of '89 plunged into the new year with both feet by electing their class officers for the 1986-87 school year. The class officers which were voted in are as follows: President Jennifer Canillas, Vice President Carla Custodio, Secretary Theresa (Chi) Luong, and Treasurer Melanie Cunniff.

The curriculum for each Sophomore includes Career and Family Studies, Biology, and Computer Studies. Yet, there is always time in between the sophomore schedule for extra-curricular activities.

Mrs. Donna Tucker and Mrs. Annette Stamos, the advisors for the class, led them through a busy year. Building their homecoming float, a candy sale, and class competitions brought new meaning and pride to the word sophomore. President Jennifer Canillas said, "Being active in my class is what school is all about." The high spirited sophomore class shared a common goal in being the best they could be in academics as well as Matador pride.Well done Sophomores!

Meredith "Rae" Allen: An Exceptional Sophomore

Meredith "Rae" Allen is an exceptional sophomore student. She was born in Stevens Point, Wisconsin, yet she was raised in California. Her main interests are in the Marine Biology and Oceanography fields. In order to fulfill her goals it has become a need for her to take scuba diving lessons.

Meredith explained that scuba lessons start by getting familiar with your equipment. The next step is practicing in a hot pool to breathe, dive, and keep track of your oxygen intake. Finally the exciting moment of contact between you and the open seas.

Mount Miguel says good luck to Meredith Allen in her future plans and goals.

Egg Babies: Parenting "over-easy"

This egg baby has done something very unique. It survived a week living with a sophomore student. Egg Baby now plans on graduating and is going to study to be an egg psychiatrist to help all the eggs who crack up.

Most sophomore students taking Career and Family Studies make egg babies. They range from plain and simple to very extravagant. Some dress fashionably and others go around naked. If they're lucky, they get to ride around campus in a stroller.

Dr. Dunton says, "An egg parent's life isn't all that it's cracked up to be. Life can be very scrambled with a new one in the house. This project all boils down to learning, in a small way, the responsibilities of parenthood."

FRESHMEN: Incoming Tide

Do you remember being shoved around in freshmen hall by all the "upper classmen?" You probably thought that being called a "freshman" was the ultimate insult, right? Well, believe it or not, all of those upper classmen were freshmen once, too. They knew exactly how it felt to go into a classroom with their hair dripping wet from swimming.

The Freshmen Class of 1990 showed us all how spirited a class can be. Alexea Ringo, treasurer, quoted, "Even though we started a little slow we picked up as the year progressed."

Mrs. Whited and Mr. DeAlba were the advisors of the freshmen class. They helped bring a new "fresh" attitude to the students through their helpful diligence. They also had a lot of patience.

Advisor: Mr. DeAlba.

Freshmen caught working actively.

Jeremy Howard was born on January 5, 1972. His father, Mr. Thomas Howard, is a door-to-door salesman who also enjoys nighttime cliff diving. His mother, Mrs. Jeanne Howard, is a police officer working for San Diego.

Jeremy has traveled all over the world including Spain, England, Cambodia, Italy, Japan, Mexico, and Fresno. While i Africa, Jeremy spent his time hunting lions and elephants with his "G. Gordon Lidy" B.B. gun.

He enjoys playing basketball and was on Mount Miguel's Junior Varsity basketball team. He also plays football, volleyball, and tiddly-winks.

His favorite pasttime, however, is very unique. Jeremy Howard can whistle through his nose. When asked what song h liked to whistle through his nasal passages, he replied, "The Na tional Anthem."

MARCHING BAND

Pride. That is a word the Marching Matadors live by. Effort played a big part in that pride. Practices began in early August, starting with a 4-day marching clinic, to "ruff out" the field show. The clinic was followed by a two-week band camp that taught the members how to work and compete as a team. Practices continued through December. These practices inspired the excitement needed to make this season a success.

Throughout the year the band participated in many competitions, and everytime they performed they held their heads high to show the pride of Mount Miguel. There's a special tradition at competitions. It involves "sounding off" while waiting for the awards ceremony. Judges are astounded by the spirit and pride shown; Band directors say they wish their band showed pride like that.

The best part about marching band is that there's a terrific "family spirit" that exists between everyone.

The Marching Matadors have been asked to represent California in Washington D.C.'s 1987 National Independence Day parade. They have also been asked to represent the United States for the 1988 Expo in Australia. When the band travels to these places, they will not only represent California and the United States" but they will also be representing the Spirit and Pride of Mount Miguel.

A Message From Mr. Anthony

The pride and tradition of Mt. Miguel instrumental music is back. The band and orchestra performed at an outstanding level and represented the school at many activities throughout Southern California. The band received national respect as it was selected to represent the state in Washington D.C. for a festival and parade on July 4. It has been an exciting experience working with these outstanding musicians.

Special Thanks . . .

Mr. Roy Anthony, for all his dedication, leadership, and all-around hard work; *Mr. Pat Carroll* for giving his support by coming to all the competitions; *R. B. Anthony,* for his "adding" abilities and all his help, financially and otherwise; *Miss Barbie Muehlhausen* for her expertise in helping with the specialty corps; *Mr. Ron DeFields* (president MMMSCP), *Mr. John Springob* (vice president) All members of the MMMSCP (Mount Miguel Music & Specialty Corps Parents); *Mr. Dave Faulkner,* for donating the use of his pick-up to haul instruments and also the uniform trailer; *Mrs. Judy Gunter,* for her participation; *Mrs. Carol Wallace,* for lending her time to manage the Gift-Wrap Booth; *Mrs. Nancy Dice,* for lending her time to manage the Christmas-Tree Lot; *Mr. Alex Eugenio* for his help with the percussion section, and also with perfecting the field show: *Mr. Russell Dameron* for his help with executing the field show; *Elena Esquivel* for her "screaming enthusiasm" throughout the season: And everyone else who supported the Mount Miguel Marching Matadors!

ORCHESTRA

Orchestra is more than just a class. It's a group of dedicated musicians devoted to being the very best. The orchestra class offered on our campus is made up of stringed instruments only. Every Wednesday night they combine with the woodwinds, brass, and percussion sections to form the complete orchestra. At these rehearsals they work on the music they will perform at concerts and festivals.

Under the direction of Roy Anthony and R. B. Anthony the orchestra has earned for itself a fine reputation throughout Southern California. It is one of the best in the district, and was invited to perform at the music festival held at Disneyland. They also host one of the only orchestra festivals in the country.

SYMPHONIC WIND ENSEMBLE

The Symphonic Wind Ensemble is the most advanced instrumental group on our campus. Many of these talented musicians have been playing since elementary school. Two of them, Ryan Anthony and Danny Urban, were chosen for both All Southern California and All State Honor Bands.

With over thirty members actively participating, they perform at numerous concerts and festivals, including the Christmas Concert and the Double Feature Concert. Their director, Mr. Roy Anthony, and assistant director, R. B. Anthony, have been the major influences toward the excellence of the ensemble. Another reason for their success was their enthusiasm. All of these young musicians genuinely enjoy playing, and you can hear that enthusiasm reflected in their music.

CONCERT BAND

The beat goes on with this year's Concert Band. With twenty-nine talented young musicians, they spent the majority of their class time perfecting their songs and playing to the best of their ability. These ambitious students practiced on scales, rhythms, and they learned many numerous pieces of old and new music.

These students were well on their way to new experiences, shows, and festivals. This year, the Concert Band performed at the Double Feature Concert on March 8, and they also played at the Spring concert.

The Concert Band put their special talents to work doing extra curricular activities such as performing in community civic organizations, second semester.

They have high hopes and ambitions for next year's upcoming events. Paula Chestnut summed it up for the Concert Band by saying, "It was a learning experience and I'm looking forward to it next year."

PEP BAND

This year an enthusiastic group of musicians pepped up the crowds at away basketball games. It consisted of twenty-eight spirited students which really made our away games worth going to.

The Pep Band is made of mostly of symphonic and Concert Band. Although, this year the Pep Band did not do many shows, the Concert, Symphonic, and the Pep Band played great together as a team.

Not only did the Pep Band play at school, they also played in communities for the public. Another event they had participated in was pepping up the crowd and players at the Channel 8 versus Faculty's Basketball Game.

The Pep Band proved that they are not only a school band, but also a community one. This group deserves to be noticed for all their entertainment and hard work. "It's an outstanding group and fun to work with," said director Roy Anthony. Fortunately, next year's Pep Band will be just as great!

ENSEMBLE

This year was the third year of success for the Ensemble here at Mount Miguel. Let's hear it for Voices-Unlimited! The select group of twelve that consists of trained voices that enter only through audition. Though they haven't shown off their talent outside of San Diego, most of their performances are for the community. They perform vocally in such places as rest homes for the elderly, plazas, shopping malls, and other schools as well. And last but not least their ever-so-popular performances here at Mt. Miguel. They definitely brought in the Christmas spirit with their Christmas Concert.

Most of the talent in Voices Unlimited seniors who graduated this year, so look out future Ensemble members because this year's talent will definitely be hard to top!

CHOIR

"That is an F sharp. Now try it one more time." Those were the words you heard when you walked into the Choir room.

This year's choir had expanded from the other years. They've sung in the 1000 voice choir and again at the Christmas Concert.

The choir was a class in which you should be musically inclined. It was during fifth period. The students practiced songs which were popular, old, or any other kind. Whichever they sung, it always sounds fantastic.

These people have great singing voices. Which may someday be heard around the world. Hey, maybe Mount Miguel will produce the next Whitney Houston.

SPECIALTY CORPS

The Mount Miguel Specialty Corps has accomplished many achievements such as obtaining a sweepstakes award at the Monte Vista Tournament, a first in five years. At the Columbus Day Parade the most important parade of the year, the Corps was presented with the prestigious Letter Sweepstakes Award for their excellent fan manuevers over twenty-three San Diego schools including Castle Park and Patrick Henry Schools. The specialty corps may be a small group but their competitiveness is boundless. Barbie Muehlhausen has driven the spirit and determination within the corps to its endless limitations. The corps' advisor, Barbie Muehlhausen, has instructed the corps with full discipline from aching cheeks to agonizing blisters. This year the specialty corps has regained their "gleaming reputation." But without their long, grueling practices, the Corps wouldn't be at their peak of perfection. Their endless success showed off by dedicating their last show to their advisor Barbie Muehlhausen.

JROTC

What we saw is not what we got; What Mt. Miguel got was a lot more! JROTC, standing for Junior Reserved Officer Training Corps, was an intense program of leadership development, which was the central purpose of the organization. Some major attributes that were developed in this class were good citizenship, patriotism, and self-reliance. Competition between each individual helped to increase everyone's drive for advancement on the totem pole. With Master Sergeant West and Lt. Col. Yenter heading this year's program, JROTC accomplished a lot each week. Two days were spent academically, learning traits such as map reading, first aid, and much more. Two other days involved sports or exercise. On Fridays, drill and ceremonies took place. Throughout the year, several events occurred. Four days and nights were occupied by their spring encampment. During the month of May, the big social event, the military ball, took place. This was a chance for every cadet to take a break from their everyday activities. All in all, JROTC proved to be much more than just a job, it was an adventure!

EL TROV

The El Trov, published once a month, was full of many stories and interviews of exciting people on campus. Though deadlines were hectic, the staff made it through. Under the supervision of Editor in Chief, Leslie Keesling, everyone more or less did their own thing, contributing to the production of the paper. The Cub staff was made up of first year staff members. They served as reporters and helped the other people. They got first hand experience on the staff. Cub staff member, Alexea Ringo stated, "It was a real learning experience!" It really was a learning year, both for the staff and for new advisor, Mrs. Curtis. The whole staff really had to work hard together. Working together, the El Trov newspaper was once again a great success!

REFLECTIONS

This year the Reflections magazine class underwent many changes. Besides the fact that the general staff changes every year, they also received a new advisor. Pat Curtis, taking over for former advisor Mrs. Mott, did everything she could to make a great magazine. This year the staff used a new format. It was to be more like a regular magazine. Reflections had many short stories written by a variety of people. This year the staff had hoped to involve the whole school and not just the class. The staff was mostly made up of people from the Creative Writing Class. Each member of the class was required to submit at least one piece of writing to be put in the magazine. The co-editors in chief were Irma Chi and Joanna Morawiecki. They did a great job along with the rest of the class to make a really great Reflections magazine.

BALLET FOLKLORICO

This is the first year Ballet Folklorico has existed at Mount Miguel. It is a performing arts group and an active group. Ballet Folklorico was created in order to promote cultural awareness and understanding among the students and community.

Mrs. Ruiz, the dance instructor, has been practicing dance since she was little. She says, "I am real proud of the students' hard work, it really shows in their performances. Sometimes though, it become frustrating for them when learning a new dance because they try so hard to do it perfectly."

The group has not only performed at the Cinco de Mayo festivities, but also at S.D.S.U. and in the local community.

One of the performers, Yvette Huezo says, "It's really a big accomplishment for us, we never thought we would have danced as well as we did."

In order to get up on a stage in front of groups of people takes a lot of courage and enthusiasm. The Ballet Folklorico Dancers proved they have it both, courage and enthusiasm.

MULTI-CULTURAL

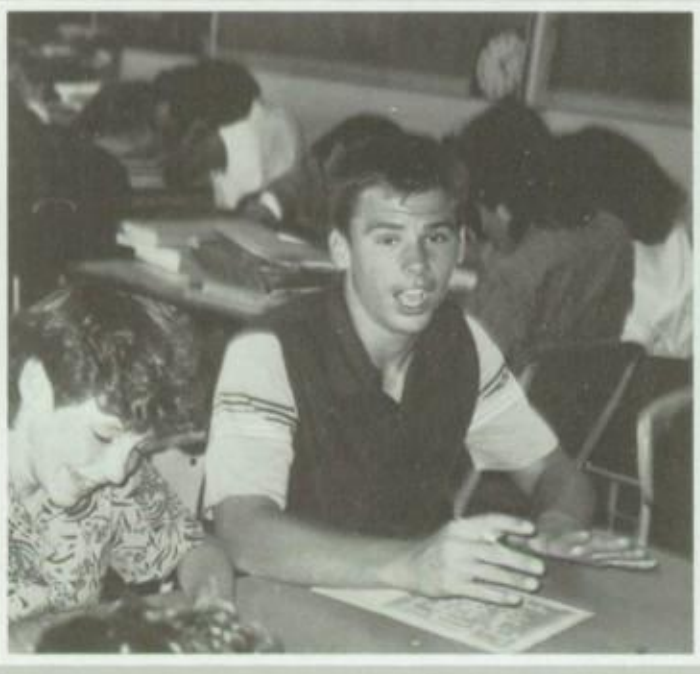
The Multi-Cultural Club is one of the largest clubs on campus consisting of more than fifty members. Its purpose is to understand and appreciate the different cultures on the Mount Miguel campus while emphasizing the concept of oneness. Traditional activities include fundraisers such as candy and lumpia sales and the sponsoring of the Maybash Dance. Profits from the fund raisers and dance go toward a fun social activity like a harbor cruise or an end of the year party.

Mr. Cunanan and Mrs. Elliott did an excellent job at advising a large club. This year's officers were: President Sally Turla and Vice Presidents Jennifer Garde and Domingo Hallare. Beginning with this year there was not a secretary or treasurer but club managers. Seven were selected by the advisors: Jennifer Canillas, Inez Vallejo, Eden Estepa, Anacel Hidalgo, Mike Rylaarsdam, Cindy Mena, and Leianna Smith. With the leadership of the advisors, officers, and managers the club was enjoyed by many.

ISSL '87

Intensive Spanish as a Second Language is a unique four year program which is designed to produce bilingual students. The students are instructed and spoken to completely in Spanish and take other various courses which help them to meet their high school requirements. The lead teacher of ISSL is Mr. Jim Koch, and his coworkers are Marth Foncerrada, Mrs. Diane Tucker, Ms. Nancy Watkins, and Mr. Pedro De Alba.

The proud class of ISSL '87 is the second class to successfully complete the program, and they all have worked extremely hard to do so. The past year they have taken a spanish class taught by Ms. Foncerrada, and both an anthropology and a government class lead by Mr. Koch, which is also spoken totally in Spanish. The new ISSL graduates were able to celebrate their completion of the four year program by going to Spain during the spring break.



ISSL '89

ISSL '89 has experienced and completed their second year of the program. Mrs. Tucker taught the Sophomores' Spanish class, but in addition to that, the class was able to combine with the students from the Spanish for Native Speakers class and take a Physical Education course. During the class period, the students must speak, yell and cheer in Spanish while competing against their classmates in various sports.

ISSL '88

The class of ISSL '88 has completed their most difficult year yet. This is the year when they face their first academic subject taught in Spanish: History. The course alternates between English and Spanish units, with no overlapping of language. This course is taught by Mr. Jim Koch. The Spanish class, also taught totally in Spanish, was led by Ms. Nancy Watkins, who was a first time teacher at Mt. Miguel.

Many of the students are planning to participate in an exchange program in cooperation with students from La Paz, Mexico. They will spend two weeks with a family from La Paz and then host a student here for two weeks. In order to finance a trip to a Spanish-speaking country, they had bake sales, and sold stuffed animals and candy. Good Luck to the students of ISSL '88 as they enter their final year!

ISSL '90

These are ISSL'S newcomers, the Frosh class of '90! They've finished their first year of ISSL Spanish, which was taught by Ms. Watkins. The first year of the program is probably one of the toughest years because if there had been no previous exposure to Spanish, the adjustment to the total emersion would be very difficulty. The class has already had a few fund raisers, such as a bake sale and a very successful candy sale. The money that they have earned will go towards a trip to a Spanish speaking country in their Senior year.

I-CLUB

The I-Club, which stands for the International Club, is one of the most important clubs on campus. This club helped the exchange students feel more at home while they stayed in this country. Mr. Abdulahad and Mr. Phillips, the club advisors, and Louise Ann Moore, the President, plan the club meetings on every other Thursday. At some of these meetings many of the Mt. Miguel students can find out how to become an exchange student at another country. Mr. Phillips was very helpful in answering the students questions about becoming a foreign exchange student. He has been in charge of the AFS program here at Mt. Miguel for a while now. The school had a number of exchange students this year, including an AFS exchange teacher from Thailand, Miss Sarunya Ruengwanichayakun. The International Club has been successful in helping the exchange students adapt to the different surroundings here at Mt. Miguel.

Dear MMHS,
Being an AFS exchange teacher from Thailand, I have got useful experiences. The teachers here work hard and are responsible for their duties. The students study hard and participate in club activities as well. They have a chance to work together, understand each other and create their ideas. I also learned that the people here are friendly and helpful.

Dear MMHS,
HI! I'm spending an interesting year as an exchange student in America. I think I am especially lucky to come to California. The weather and the people are "cool." I just want to give my thanks to my partners in school, my teachers, and to my host family, the Butchers, who have helped me so much.

Dear MMHS,
HI! My name is Kim. I am an exchange student from Denmark. Going to Mount Miguel, this year, has been a great experience for me. I think that America is a great country and I have learned a lot during the year. I want to thank all of you for giving me an unforgettable year. A special thanks to my host family, the Neumans.

HUMAN RELATIONS

The Human Relations Committee is a large club. Advisors Nancy Peterson and Donna Richardson, along with officers Anacel Hidalgo, Christine Lux, Mary Alonzo, Leslie Ringo, and Amy Lee, have organized two successful workshops. The success of the two workshops, Teen Awareness and a Culture Fair, are due to the club's members.

The purpose of the Human Relation Committee is to promote better understanding among students, staff, and parents in the Mount Miguel community and to encourage students, teachers, and parents to work together toward achieving goals. The clubs endless hours of fund raising, planning, hard work, and finally setting up have shown how dedicated the club is to the world around them. Leslie Mustalo sums up the year saying, "I have really enjoyed the club and the workshops are experiences I shall never forget."

DRAMA/SPEECH

This year there were about forty-five students on the speech team. The team did very well. They were ranked fifth in the county, won four county sweepstakes awards, and had thirty members eligible for the National Forensic League. There were four members who were way ahead in the competition. They were Laura Franey, Bobby Chambers, Lynn Franey, and Teri Eurich. The team plans to send students to the state championship.

The first semester drama production was a big success. It was a series of dramatic and humorous scenes. This format allows the maximum number of students to have major roles. The majority of the scenes had originally been winning events at the speech tournaments. They were modified and developed with costumes, blocking, props, and make-up.

GERMAN CLUB

"Guten Tag!" If you were to wander into room 114 during lunch this is what you might have heard. The German club is designed to inform students about German culture and customs. A knowledge of the German language is not required, but many members are enrolled in a German class. The club's annual fund raiser is the making and raffling off of a gingerbread house. The raffle is usually held right before Christmas vacation, so the winner is able to enjoy it's tasty trimmings over the holidays. This year's winner was Mrs. Toms. Something new the club did this year to raise money was a candy sale. The money earned from both these fund raisers goes towards an authentic German meal at a fancy restaurant at the end of the year. The German club promotes educational understanding of the German people, and is a wonderful experience for all those involved. "Guten Arbeit, Frau Hinck!"

LIBRARY MEDIA CLUB

The Library Media Club has very few members but contributes tremendously to the Mt. Miguel library. The club gets involved with many other activities to help out with the community. They coordinated the food drive that provides food during the holidays for families. The class that donated the most cans for the food drive received prizes such as baked desserts from the Library Media Club. This club has accomplished many fund raisers to improve its books, magazines and primarily the library itself. The club members purchased young adult paperbacks and framed travel pictures to help improve the library. Besides having fund raisers they involve the school body by presenting them with sponsored speakers. The club also sponsors trips for the student body to places such as Disneyland and the Huntington Museum. This left the club members and the officers such as President Rodrigo Tapia, Vice Presidents Stacey Woods and Carlos Garcia, Treasurer Evelyn Tom, Secretary Kathy Logue and Library Media Club advisor Mrs. Curtin a lot of work to be done.

SPANISH CLUB

Have you ever wondered what the Spanish Club was about? You don't need to be able to speak Spanish fluently. Just be interested in the Spanish Heritage.

The Spanish Club is a club set up to learn about the Spanish Culture and the Spanish people. This year the club took a trip to the Cultural Center in Tijuana, where they learned about the history and the customs of Mexico

Mrs. Watkins, the club advisor has worked hard to make the Spanish Club a success. The Club Officers: *President* — Carl Patterson, *Vice President* — Nikki Koellhoffer, *Secretary* — LilyMay Bowling, and *Treasurer* — Scott Hammerbeck have also worked hard to make the club great and to organize fun and educational trips and activities.

HISTORY CLUB

Members of the History Club were seniors in Mr. Cunanan's and Mrs. Elliot's world history class. The class met first period and studied many fine points of history. The club also had many projects and activities throughout the year.

The most important activity was a trip to San Simeon, in Northern California, to see Hearst Castle. Other important trips were made to the University of California at Santa Barbara, Westmont College, the California Poytechnical Institute, at San Luis Obisbo.

Besides taking trips to historical points of interest, the History Club was also concerned with school service. It is this club that always provides refreshments for PTA meetings.

Fund raisers were also of great importance to this club. It would have been impossible to do everything without the necessary funds. The club members showed great enthusiasm in working to raise money. They did it through various fund raising activities, including candy sales.

S-CLUB

The S-Club, which stands for "Service" Club, had many goals this year. Their main goal was to help serve the school and community. This ranged from raising scholarships for seniors to planning a day of fun for poor children. They also planned a special school project to leave a mark that the S-Club was there to help the school and community.

This year S-Club was proud to be one of the organizers of the annual S-Club Conference. S-Clubs from the desert coast region of California and Nevada came together during a weekend in May to have seminars on various topics. After the seminars the members had a chance to meet members of the other S-Clubs.

To help pay for all the activities for this year, the club held fundraisers such as gram sales with balloons and candy and also other types of candy sales. Kristina Gasman, the president of the club says, "We started out slow, but we survived and reached many of our goals."

STUDENT LEADERS

The student leaders program is a unique program available to any student attending Mount Miguel who is responsible and willing to give their full attention to the students in need of their help. The student leaders must be very well trained because the coaches rely on them heavily. Their responsibility is to make the students "drown proof." With only two coaches available it's an advantage to have students watching over students. As the student leaders are teaching the freshmen to swim and become more aquatic, they too get an advantage. They learn how to take great responsibilty by sometimes being involved in life or death situations. In the future they may wish to use their skills and experience for job offerings such as life guards, or simply to teach their own family. The student leader program has even been recognized by the California State School Board Association and has been given a Golden Bell Award for quality education proving further what a great program it's really turned out to be.

BULL PEN

What is the purpose of a bull pen? Are they just a bunch of people that yell and make noise in the stands? Or are they a bunch of spirited matadors cheering on for the victory of our Mt. Miguel football team? "Yes, that's what we are, a bunch of spirited matadors," comments one member of the club. This year's bull pen was more spirited than ever. All the members were full of energy and pride to get the crowds involved with the atmosphere of a football game. Thanks to their vitality and positive attitudes they were able to cheer the Matadors all the way to the championships. With the help of the cheerleaders the bull pen combined their cheers with theirs to create an abundant amount of confidence for the team. The football team could always depend on the bull pen to provide the support they needed when things were looking good or bad. We all are grateful for having such a proud organization. They did a fantastic job.

ACADEMIC CLUB

We hear about academic activities in the school bulletins, but do we really know what they are? The Academic Club participated in many of these competitions which included the Academic Decathlon, two Knowledge Masters, Science Olympiad, and the Academic League.

The Academic Decathlon consisted of six multiple choice tests, speeches, an oral interview, and the Super Quiz. The Knowledge Master was a multiple choice test done on a computer. In this competition, teams all across the country competed with each other. The Science Olympiad was composed of contests in bridge building, musical instrument building, measurements, and identification of rocks, fossils, and organisms. In the Academic League, members teamed against other teams to answer questions on numerous topics.

The dedicated members of the Academic Club usually met once or twice a week for one hour after school with Mr. Fusselman, the club's advisor. "It's not all hard work!" say the members. Sharon Lobbes, student coordinator sums up her feelings for the club: "We are serious about it, but we also have fun."

FRIDAY NIGHT LIVE

This year the students at Mount Miguel joined the thousands of people who would like to see drunk drivers off the roads. The members of Friday Night Live put together a powerful assembly to give students a realistic look at the number of accidents caused by drunk drivers. A San Diego police officer shared a few of his experiences from being on the police force, and Mt. Miguel students Kassi Roberts and Michele Belfiore shared stories about their own family members that have been involved in alcohol related accidents.

The main goal of the club is to establish a toll-free number that students can call if they need a safe ride home. Hopefully with the support of more Mt. Miguel students, we can help make a difference in the fight against drunk driving, and help people to realize just how much safer our roads could be. If only they would take a stand against alcoholism.

Just a few of the students that want to help in the fight against drunken driving.

BIO/CHEM

Bio-Chem isn't a club you can just join. In order to take the course you must have two requirements. You must be taking or have taken both Chemistry and Physics. Bio-Chem, besides being a club, is also a regular class which meets everyday during sixth period. The instructor of this course is Larry Nordell who is also the Chemistry teacher. To determine their first semester grade in the course, the students are assigned to a science project of their choice. The class doesn't consist of worksheets or tests as do other science classes. These projects are due at the end of the semester. Second semester the class takes a trip to Yosemite National Park. They earn money for the trip through fund raisers. The class often takes mini trips and tours to the universities in San Diego. There they get a quick glimpse of the science courses and how they are taught. The class only consists of twenty-two students. Mr. Nordell hopes by next year that more students will join the Bio-Chem club.

College-bound students who were interested in Science courses were the ones who made up class.

MESA

Would you like to help in "Shaping the Future?" This motto is what MESA, Mathematics, Engineering, Science Achievement is trying to do. Every Tuesday, during lunch, advisors Nester Vallar, Larry Nordell, and Jennie-Jo White hold meetings to inform members of useful information about college, jobs, and money. The officers: Susan Lilly, President; Patrice Alexander, Vice President; Irma Chi, Secretary; Shannon Wesley, Treasurer; and Leslie Ringo, Representative at Large, have worked hard along with the advisors for making MESA fun and educational.

MESA is dedicated to increasing the number of underrepresented ethnic groups in mathematically based professions. Members are able to participate in MESA sponsored activities such as MESA Day and Career Day. MESA also provides exclusive awards and jobs to help members get ahead. Secretary Irma Chi quotes, "MESA is great and I hope to be 'Shaping the Future'."

C.S.F.

California Scholastic Federation is an organization which recognizes academic achievement of Freshmen, Sophomores, Juniors, and Seniors. Semester membership is granted for the preceding semesters based on courses taken which must be college prep and grades earned of at least three A's and two B's. Life membership is given to those students earning membership four of the last six semesters of high school, one of which is in the senior year. One hundred per cent membership may be awarded to those students having qualified for membership for the last six semesters of high school. Also, in order to join the club one had to pay a fee of $1.00.

The advisor of the club was Mr. Hostetler and the officers were: President Ellen Grafstein, Vice President Jennifer Garde, Secretary Clare Bantigue, and Treasurer Anacel Hidalgo. Profits from fund raisers such as candy sales and car washes go to Senior awards, pins, and sashes. The CSF pins and sashes are given to the Seniors to be worn on Graduation.

GUESS

Sweetheart's Ball 1987

"Straight from the Heart" was the theme to this year's Sweetheart's Ball. It was held at the Masonic Temple — Scottish Rites Center in Mission Valley on February 21, 1987.

The Cheerleaders, who sponsored this event, really did a great job. As you walked into the Masonic Temple, you could feel the romance in the air already. The DJ's were Stratus, and every song had all the right words to make the evening even more romantic.

This year's court consisted of 10 students — with ties for the Queen and for the Duke. Representing the Seniors were King Andrew Arquilla, Queen Patrice Alexander, and Queen Rochelle Waite. For the Juniors, there was Prince Domingo Hallare and Princess Geraldine Mann. Representing the Sophomores were Duke Reggie Ridgels, Duke Dean Talbot, and Duchess Carla Custodio. Last but not least are the Freshmen — Lord Eduardo Crisologo and Lady Laila Vejar.

Sweetheart's Ball 1987 was an event that will never be forgotten. The romance and excitement that were given off by every person were definitely "Straight from the Heart."

1. Duke Dean Talbot, Duchess Carla Custodio, and Duke Reggie Ridgels.

2. Lord Eduardo Crisologo and Lady Laila Vejar.

3. Joe Castillo and Lisa Mora take time out to enjoy the scene.

4. Lisa Armstrong and Michael Best show sophistication and glamour.

5. Dancing to the sounds of Stratus, many couples had a great time.

Straight From the Heart

1. Queen Patrice Alexander, King Andrew Arquilla, and Queen Rochelle Waite.

2. Rodger Bantigue and Myra Crisologo dance the night away.

3. Anthony Garnica and Connie Alesi strut their stuff.

4. Princess Geraldine Mann and Prince Domingo Hallare.

5. Robert Lim, Mirasol Espanola, Karen Palmares, and Kiet Bland take time out to pose for a picture.

Challenge To Succeed '86-'87

The year '86-'87 was filled with many major successful events that stretched from all over the world to right here in San Diego. San Diego's own Dennis Connor and his crew brought home the America's Cup and renewed our national pride. Pilots Dick Rutan and Jeana Yeager showed the world we have what it takes in technology by being the first people ever to fly non-stop around the world. The most popular hit movie of the year was "Top Gun" shot right here in our own home county. New York was big in sports, winning both the World Series with the Mets and the Super Bowl with the Giants. Headline people this year were the hilarious Billy Cosby, Corazon Aquino, and the respected President Reagan. The year did have a few tragedies in the Chernobyl Nuclear accident and the loss of our famous pianoist, Liberace. The coming year will bring us many more challenges with the rebuilding of our space program and more memorial events.

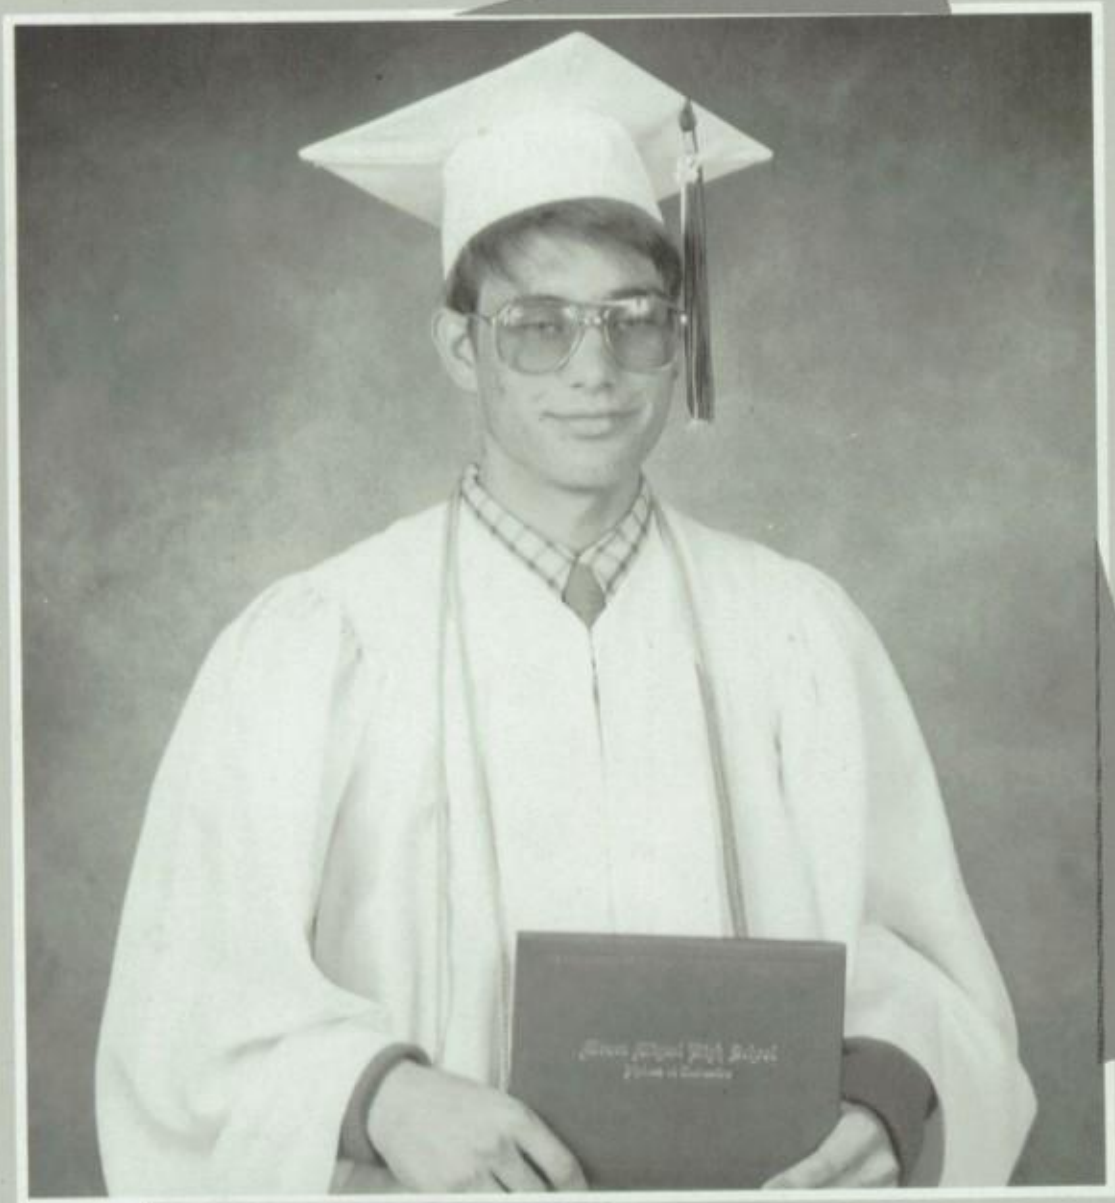
The Best of the Best



VALEDICTORIAN
William Ferguson

"Life is a battle to be fought," but also a gift to be enjoyed. Granted there are many hardships that must be overcome, success and achievement make life enjoyable (and even fun). But to be successful means discipline. It is easy to take the easy path of leisure when confronted with the thought of working. Descipline is needed to choose the more difficult path of working that is ultimately more rewarding. To stay on this more difficult path with all its obstacles takes perseverance. We must persevere all the storms and pass all the tests life throws at us and forge onward. Finally, to achieve success and reach our goals, we must put out effort by working hard.

If the above three pre-requisites needed for success seem to be something a little less than enjoyable, let me assure you that the rewards of success are well worth the effort and the path. I would like to thank my teachers and my fellow classmates (from whom I have learned much) and my family and God for my success through high school.

SALUTATORIAN
Ellen Grafstien

Becoming Salutatorian of the Class of 1987 (Yeah!) obviously took a lot of hard work and determination. Some assignments would have been better titled "tortures." *Great Expectations,* treacherous term papers, and "Ode on a Greek Bowl" (as one friend called it) were the more notable ones. Many times I'd have to just grit my teeth and get down to work — even on the sunny days!

I do have to admit sometimes I had fun in class. Debating legalization of prostitution, putting on Shakespearean plays and going to plays at SDSU were some of the memorable times the "Honor's English Gang" had.

Looking back on my four years here at Mount Miguel, I realize I've made many close friends. I'd like to reminisce with some of them . . . LAURIE: It's just a jump to the left! butchering quotations in computers, "guy problems," writing fantasies and staying late, how do you get to Balboa Park? KATY: And then a step to the right! Whatcha doin' KT? Let's go shopping! Whatt?? McD's, Exxon Credit Card. JEN: Put your hands on your hips! What does Mr. Calculus Book say? You stole my Fuddruckers name! Is Katy there? RICK: And pull your knees in tight! All kinds of stuff — letter chats in class, and STUFF! DUSTIN: It's just a pelvic thrust! Down a winding road stepping on the gas! Okay, so I did like him! We're lucky! TRACY: Really drives you insane! Let's do the Time Wrap again! Let's do lunch! ROCHELLE: Can I borrow your notes? Okidokee Artichokee! You gotta read this book! You'll love it! JOHN: French in English. BOOGIE! KATRINA: Biochem selling, projects (ugh!), Yosemite! You know! She looked straight out of Disneyland (E ticket)! ERIC and ANDREA: Since fifth grade, can I borrow your ski pants? LUISA: English plays, moped trips! BRENT: Neato Mosquito, Spanish class. ANDREW: Code Blue — our fave! ANGEL: From bikes to cars, from pigtails to styling gel!

I'd also like to thank those most deserving: Mrs. Stamos, Mr. Albert, Mr. Trigs, Mr. Nordell, and Mrs. Burroughs for giving me challenges and the guidance to meet them. Thank you's to Mr. Edge and Mom/Pop for helping me through the rough spots. Thank you to my family and friends for always being there for me.

Potpourri

Memories . . . they are those special times that remain etched in our minds forever. Throughout this school year, Mt. Miguel has been the site of many wonderful memories. To help keep those memories with us forever, we have dedicated this page for a "potpourri" of memories.

Success played its way into all of our athletes' hearts. Who could forget the endless CIF playoffs Mt. Miguel was involved in! Football, Water Polo, Basketball, Wrestling, and Track were just a few of the many memories achievements Matadors were proud to be a part of.

Airbands were another success. For the second year in a row they were held at night and entertained a "sold-out" audience. Many seniors enjoyed "the Nerd Day picnic" held in the quad. Friday Night Live proved to be yet another success at Mt. Miguel. It, along with Channel 8, "got smart" and pormoted "Say No to Drugs."

These were just a few of the many special moments that took place this year. Always remember to hang on to those special memories you have collected they are *your* pathways toward success.

Farew

As the second year comes to an end, many of us look towards the summer months where the thought of school can be erased . . . for a few months at least! We, on the Mil Memorias Staff, too, look with anxious eyes towards a few months of rest and relaxation.

Putting this yearbook together was not an easy task. The work began in August with conferences and meetings, planning layouts and developing a theme that would represent Mount Miguel well. After many long hours of frustration, hard work, patience, learning and a lot of fun; we are able to present to you a yearbook that surpasses all others ever printed.

I wanted this book to be differnt, to break traditions and stand above the rest. Without the help of a very unique staff this goal could not have been accomplished. Ami, you were always more than a "special" editor. When you returned, you helped bring things back under control. Thank you for working those extra hours I couldn't. Who could ever replace you? Anacel, isn't Business Manager fun? Your organization and creativity brought life to those late night workshops. Don't forget to tell your mom we will *all* be over soon! Laurie and Juan, keep on snapping those pictures! As usual your work was superb. Julie and Jennifer, you guys scared me a couple of times, but like always you came through with flying colors. Always remember you're more than page editors to me! To the rest of the staff: Jennifer, Sahlee, Vicki, Amy, Joe, Karen, Alexea, Melanie, Rosalie, Kiet, Irma, Shannon, Louanna, Angela, Carrie, Mary, Dawn, and Tammy. . . Thanks for all your time and patience, and for putting up with my moods. I know I wasn't pleasant *all* the time. Thank you John, Chuck and Boyd Anderson Studios for all of your last minute developing and delivering. Like always, you guys did an excellent job. To Dick Kerr, the Taylor Publishing Rep, thank you for guiding me in the right direction. I'd like to thank Mr. White for his constant encouragement, support, craziness, organization and friendship. (Was it *my* idea or *yours?*) I can't begin to tell you how much you've helped me grow. No one could have made a better advisor or friend. Lastly, to my parents whose love and patience helped me get through the rough times, (which were many). Good Luck to the 1988 Mil Memorias Staff. I hope your success is as rich as ours. Take care Mount Miguel and Good-bye!!

ALMA MATER

Mount Miguel we sing to thee,
In praises will our voices be.
Let fall on campus hall
Brave deeds in answer to thy call.

Faith and honor to sustain
Shall be the goal we will attain.
Mount Miguel we pledge to thee
Our faith and truest loyalty.
